PART I

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 6th August 1910.

READ—

The summary of discussion in subject No. 103 of the Proceedings of the Representative Assembly to the effect that in many cases raiyats have to leave their houses and work to present petitions to the taluk, district and higher authorities and that, owing to the delay that is caused in the disposal of their petitions, they are put to much inconvenience and trouble.

No. R. 659-700—L. R. 499-09-1, DATED BANGALORE, 6TH AUGUST 1910.

ORDER THEREON.—The attention of all Heads of Departments and Deputy Commissioners of Districts is invited to the standing orders of Government printed at page 90 of the Revenue Manual, concerning the disposal of petitions, and they are requested to note and impress upon their subordinate officers the importance of the speedy disposal of petitions.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 6th August 1910.

READ—

The summary of discussion in subject No. 122 of the Proceedings of the Representative Assembly of 1909 to the effect that as orders passed by officers do not contain full reasons and cannot often be understood without reference to other records, copies of reports on which such orders are passed should also be given to the parties applying for the same.

No. R. 701-42—L. R. 500-09-1, DATED BANGALORE, 6TH AUGUST 1910.

ORDER THEREON.- It is clearly laid down in Government Proceedings No. R. 267-76—R. M. 66-04-1, dated the 16th July 1904, that orders passed by Government officers must be self-contained and that reasons must be given fully for them. The Government direct in continuation of the above that final orders on cases should contain a statement of facts and reasons on which the decision or order is based and that, in cases where the order is not self-explanatory in this way, the parties affected will be entitled to a copy of the report or reports on which the order is based or an extract from such report or reports to the necessary extent.

The summary of discussion in Subject No. 65 of the Proceedings of the Representative Assembly of 1909, regarding the distribution of pattas free of cost to khatedars at the time of the Huzur Jamabandi:—

Subject No 65
Free distribution of pattas.
Messrs. H. Marulasaddappa, Desappa. and Chowdaiya, Arsikere Taluk

Summary of discussion.—Village officers do not often grant pattas for payments made, nor are such payments correctly entered. The reason given is that shanbhogs are required to pay in advance for all the forms of which they have to keep a stock and they are unwilling to incur such expenditure. The raiyats therefore find it difficult to obtain the pattas. The pattas may be ordered to be distributed free of cost to khatedars at the time of Huzur Jamabandi.

Reply of Government.—The cost of each form is three pies. Each shanbhog will be supplied with a sufficient number of pattas, and arrangements made to recover the cost from the potgi or after the forms are actually sold.

2. Letter No. 12910, dated the 14th June 1910, from the Revenue Commissioner in Mysore expressing his opinion in the matter.

No. R. 743-53—L. R. 468-09-3, DATED BANGALORE, 6TH AUGUST 1910.

ORDER THEREON.—In para 4 of Government Proceedings No. R. 7348-58—L. R. 623-03-5, dated the 18th February 1905, it is directed that pattas should be printed in sheets and bound in books, a fee of three pies being charged for each sheet, and the Superintendent, Government Press, is required to print the requisite number of copies for distribution to the Deputy Commissioners and to keep a sufficient number to meet further demands.

2. With a view, however, to remedy the inconvenience complained of, Government direct that each shanbhog be supplied on credit with a sufficient number of pattas every year, say 100 or 200 as the case may be, and that the cost be treated as an advance against him to be debited to his khate and recovered at the end of the year by deduction from the shanbhog's potgi, unless it is repaid earlier from sale proceeds.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 10th August 1910.

READ—

Letter No. 10166, dated the 9th April 1910, from the Revenue Commissioner in Mysore, forwarding with his recommendation letter No. 84, dated the 16th March 1910, from the Superintendent of Survey and Settlement in Mysore, soliciting sanction to the revised remuneration payable to the village officers in the Hiriyur, Holalkere, Chitaldrug and Jagalur Taluks as detailed below in accordance with the revision settlement which has been brought into force in the said taluks, and stating that this involves an increase of Rs. 3,252-12-0 over and above the amount fixed on the basis of the original revenue settlement, *viz.*, Rs. 26,831-12-0, and recommending that the payment may take effect from the year 1904-05 in the Hiriyur Taluk, and from the year 1905-06 in the other three taluks, being the years from which the revised revenue survey and settlement came into effect in these taluks.—

No. R. 853-55—L. R. 434-09-2, DATED BANGALORE, 10TH AUGUST 1910.

ORDER THEREON.—Sanctioned. The Deputy Commissioner of the Chitaldrug District, to whom the detailed vernacular statements will be sent, will see to the necessary adjustments being carefully made in individual cases consequent on the difference between the old potgi already paid from the year of the revision settlement till now and the new potgi now sanctioned.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 12th August 1910.

READ—

Petition dated the 27th February 1910, from the patels and shanbhogs of the Hiriyur Taluk, praying for an annual revision of potgi with reference to the collection of revenue on the lands brought under cultivation every year under the Marikanave channels.

2. Letter No. 85, dated the 19th March 1910, from the Superintendent of Revenue Survey and Settlement in Mysore, stating that the prayer of the petitioners is opposed to Potgi Rule XIV, under which potgi has to be revised once in ten years, and that the rule which has been framed after a deliberate consideration of the interests of the village officers and the Government should not be departed from in the present case.

3. Unofficial note dated the 23rd April 1910 by the Revenue Commissioner in Mysore.

No. R. 928-9—L. R. 67-09-62, DATED BANGALORE, 12TH AUGUST 1910.

ORDER THEREON.—Government are of opinion that the representation of the petitioners deserves favorable consideration. They are accordingly pleased to direct that, in the Hiriyur Taluk during the currency of the existing (revised) settlement, the potgi of patels and shanbhogs in respect of the villages irrigated by Marikanave channels be revised quinquennially as a special case.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 15th August 1910.

READ—

Subject No. 68 of the Proceedings of the Representative Assembly of 1909, regarding the supply to shanbhogs of printed khirdi forms and challan books at Government cost.

2. Letter No. 10549, dated the 20th April 1910, from the Revenue Commissioner in Mysore, stating that the khirdi being an annual account, there will be no difficulty in checking it, whether it is written in a manuscript form or one with printed headings; that many shanbhogs use printed forms obtained from private presses; that, if they are to be printed and supplied at Government cost, the stationery allowance granted to shanbhogs will have to be revised, and that challan forms may be freely made available in the Taluk Treasuries for issue to the shanbhogs.

No. R. 994-1003—L. R. 367-09-3, DATED BANGALORE, 15TH AUGUST 1910.

ORDER THEREON.—The object with which the shanbhog's stationery allowance was ordered to be revised in Government Order No. 7644-53—R. F. 53-96, dated the 12th February 1898, was to give them an extra allowance to meet the cost of stationery required for preparing the village accounts in the new forms prescribed by the rules under the Land Revenue Code. If the khirdi forms are to be printed at Government cost and supplied to the shanbhogs, their stationery allowance will have to be proportionately reduced. But Government consider it undesirable to do so. They have, however, no objection to the shanbhogs getting the forms printed at their own cost out of the allowance given to them for stationery.

2. As regards challan forms, the Superintendent, Government Press, is requested to have a sufficient number of forms printed and kept in stock, and supplied to taluks on indents. The Taluk Amildars should be instructed to have the forms always available in the Treasury with a view to meet the requirements of the shanbhogs readily.

3. This Order will be communicated to the Representative Member who mooted the subject.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 13 OF 1910-11.

Appellant	*vs.*	*Respondent*
Venkanniah of Bettadapur, Hunsur Taluk		Devappaji Urs.

Subject.

Appeal against the order of the Revenue Commissioner declining to cancel the sale for arrears of revenue of Survey No. 66 of the Tunga village, Hunsur Taluk.

Facts of the case.

One Venkanniah of Bettadapur in the Hunsur Taluk was the khatedar of certain lands in the Tunga village, Hunsur Taluk. Arrears of revenue having accrued on his lands from the year 1902-03, a notice of demand was served on him on the 26th April 1907 for Rs. 94-1-0, inclusive of arrears for 1906-07. Subsequently, on 29th February 1908, all the lands in the khate of the petitioner were forfeited and advertised for sale on the 15th April 1908.

The petitioner, who was the contractor of the Bettadapur-Fraserpet road, had, in the meantime, *i.e.*, on 4th December 1907, deposed before the Amildar that the cheque for Rs. 104 and odd which had been received in his favor at the Taluk Cutcherry for the work done by him, might be cashed and the amount appropriated towards the kandaya due from him. But the taluk officials seem to have put off cashing the cheque for some reason or the other. Subsequently, on 17th January 1908, the Amildar requested the Deputy Commissioner to issue a new cheque in place of the old one which had become nonpayable owing to lapse of time, so that he might adjust the kandaya out of the proceeds, but his request was complied with only on 21st July 1908. In the meanwhile, Survey No. 66 measuring 8 acres and 8 guntas in the khate of the petitioner was sold to one Devappaji Urs for Rs. 130 in a public auction on 15th April 1908, although on 25th March 1908, the petitioner had presented a petition to the Amildar protesting against the sale.

Three days after the sale, *i.e.*, on 18th April 1908, Venkanniah again complained to the Sub-Division Officer as regards the cheque amount not having been appropriated towards the kandaya and that officer granted time till the 15th May 1908, for payment of the arrears. But the petitioner persisted in his prayer that the arrears might be realised from the amount due to him from Government and submitted a petition to the Deputy Commissioner on 13th May 1908, to that effect. The sale records having been submitted to the Sub-Division Officer, that officer confirmed the sale on 2nd June 1908. Thereupon Venkanniah preferred an appeal to the Deputy Commissioner, who directed the Amildar to bring about a compromise between the parties. The Amildar reported on 10th July 1908, that the auction purchaser would not consent to any compromise. The sale was then confirmed by the Deputy Commissioner on the ground that there were no irregularities in the sale proceedings.

On appeal, the Revenue Commissioner also, while admitting that it was a harsh step on the part of the Amildar to have proceeded to sell the petitioner's property confirmed, the Deputy Commissioner's order on the same ground.

Hence the appeal. The case came for hearing on the 9th August 1910, when both the parties were present.

Order.

The Amildar's report dated the 17th January 1908 shows that money was due from Government on a cheque to the appellant, and that, as it had become nonpayable owing to lapse of time, the Amildar requested the Deputy Commissioner to issue a new cheque out of the proceeds of which he would take the money due as arrears. The Deputy Commissioner with his reply dated 21st July 1908, sent a

Land Revenue, dated 22nd August 1910.

renewed cheque. In the meanwhile, the property of the defaulter had been sold on the 15th April 1908, though on 25th March 1908, the petitioner had presented a petition protesting against the sale. The circumstances are sufficient to show that the sale ought not to have been held. What took place after the sale is irrelevant and does not affect the merits of the case. The Revenue Commissioner admits that the procedure followed was harsh to the appellant. But as the Amildar knew that the petitioner's money sufficient to pay the arrears due was in the hands of Government and had practically agreed to take it in payment, the sale was also illegal. It must, therefore, be set aside. The respondent will be paid back the purchase money, and the arrears due to Government will be levied from the appellant.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 13 OF 1909-10.

Appellant—Hotte Chude Gowda of Chikmalur village, Channapatna Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore *in re* his claim to a portion of Survey Nos. 111 and 112 of the Chikmalur village, Channapatna Taluk.

Facts of the case.

Survey Nos. 111 and 112 of the village are treated as kharab lands in the village accounts. In 1900 the appellant and some others were found to be in possession of these numbers. In the enquiry held by the Amildar, the appellant produced two sale deeds, dated the 23rd December 1897 and 28th August 1899, in support of his title to a portion of land in both the numbers. It was also found that in the maji accounts the lands comprised in the two numbers were shown as house sites in possession of private parties. On the strength of these facts the Amildar recommended that the title of the appellant might be recognised and assessment levied from the date of survey settlement. The Assistant Commissioner, however, declined to recognise the possession of the appellant and directed that he should not enter on the land.

Against this order the appellant preferred an appeal to the Deputy Commissioner.

The latter officer found that Survey No. 111 was treated as kharab by the Survey Department on the ground that the assessment thereon was trivial and the land was situated on the roadside. The other survey number was also similarly treated by that Department on account of the existence of a temple thereon.

So the Deputy Commissioner came to the conclusion that the lands in question were in the occupancy of private individuals at the time of survey settlement and the lands were treated as kharab by mistake; and he submitted the case to the Revenue Commissioner for moving Government for permitting the necessary alterations being made in the survey accounts under Section 118 of the Land Revenue Code.

The Revenue Commissioner observed that the appellant's application to the Deputy Commissioner was virtually an appeal against the order of the Survey Superintendent and ordered that the appellant might be told to prefer an appeal to Government. Hence the present appeal to Government.

Order.

Section 118 of the Land Revenue Code applies only where the error committed by the Survey Department is sought to be corrected at the instance of one of the parties affected. It does not apply where, as in the present case, the Revenue authorities discover that an error has been committed and where its rectification will not affect the right of private individuals as between themselves, but chiefly concerns Government.

It has been repeatedly held by Government that a mere entry in the survey records cannot take away any existing rights. The fact that the lands have been treated as kharab at the survey settlement cannot therefore justify the present holders of the lands being dispossessed if they have a title thereto. The question to be decided is whether the appellant has any valid title to the lands in question, and the matter lies wholly within the competency of the Deputy Commissioner. If he finds that the appellant's title should be recognised, he has merely to cancel the Assistant Commissioner's order evicting the appellant and then take steps, if

Land Revenue, dated 25th August 1910.

necessary, to have the survey records amended. The Deputy Commissioner is requested therefore to dispose of the appeal himself.

Where, in a claim for a waste or vacant site, the correctness of some entry made by the Survey Department comes incidentally under consideration, it cannot affect the ordinary jurisdiction of Revenue officers.

READ AGAIN—

Government Order No. R. 1116-18—L. R. 30-10-23, dated 18th August 1910, directing that, in the interests of Census work, the survey training which had to be undergone by certain Amildars during September and October 1910 may be postponed to the months of August and September of the next year and calling for the opinion of the Superintendent of Revenue Survey as regards the desirability of continuing the survey class, for the benefit of the other candidates eligible for training during September and October 1910.

READ—

Letter No. 27, dated the 22nd August 1910, from the Superintendent, Mysore Revenue Survey, stating that he does not consider it expedient to continue the class this year for training only candidates eligible for Amildari and Deputy Amildari, that these may undergo training along with the remaining Amildars, during August and September 1911 and that, if the number of officers to be trained be large, the class may be kept on for another month, *i.e.*, during October 1911.

No. R. 1225-39—L. R. 30-10-25, DATED BANGALORE, 25TH AUGUST 1910.

ORDER THEREON.—The special class which has been opened for training Amildars in survey work will be closed at the end of August 1910 and re-opened in August 1911, for two months.

2. Necessary provision will be made in the next year's budget.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 25th August 1910.

READ—

Letter No. 645, dated the 19th July 1910, from the Revenue Commissioner in Mysore, submitting copies of notes of his inspection of the offices of the Channapatna Taluk and Closepet Sub-Taluk and the Sub-Division offices of Closepet, Dodballapur and Bangalore.

No. R. 1262-70—L. R. 458-09-11, DATED BANGALORE, 25TH AUGUST 1910.

ORDER THEREON.—The amount of work in arrears in the abovenamed offices is shown below. The largest number of references remaining unanswered is in the Closepet Sub-Taluk.

Name of office	Date of inspection	Number of unanswered references	Date of the oldest reference	Number of darkhasts pending	Date of the oldest darkhast
Channapatna	19th May 1910	135	5th February 1908 .	156	6th October 1906
Closepet Sub Taluk ...	21st May 1910 .	251	17th June 1908 ..	90	10th December 1904
Bangalore Sub Division. ..	7th June 1910 ..	43	8th May 1909 ...	,,	,,
Closepet Sub Division	25th May 1910	79	2nd March 1909 .	,,	,,
Dodballapur Sub-Division ...	4th June 1910 .	9	,, .	,,	,,

2. The numbers given under unanswered references indicate merely the number of papers pending in the office inspected, in which a reply has to be sent by it. It was not possible to ascertain in any of the offices the total number of pending papers which have not reached the final stage but are in various intermediate stages as no registers are maintained of such papers, nor are periodical lists of "unanswered references" prepared as required by standing orders. It is difficult to understand how, with such a perfunctory and unsatisfactory method of work, the result can be anything but confusion and delay. As may have been expected, several papers were found with the officials in almost all the offices, in which no steps were taken to get them disposed of. Government consider that, unless the head of each office is able to keep his eye constantly on the papers that are received and prevent delays, no improvement can result, and Government trust that the Revenue Commissioner will rouse a feeling of due responsibility in all the officers and urge upon them the necessity for greater system and regularity in the work and for enforcing all the safeguards which have been prescribed for preventing delays and disappearance of papers.

3. The omission in the Closepet and Dodballapur Sub-Division offices to maintain registers of suits filed is noticed with regret. The unsatisfactory nature of the work done in sorting records shows that the Sub-Division Officers and the Amildars concerned could not have co-operated with the Inspector of Sorting of Records in seeing that his instructions were carried out, and that they have not at all realised their responsibilities.

4. Out of the District Fund permanent advance of Rs. 50 in the Closepet Sub-Taluk a sum of Rs. 48-9-0 has been spent and this has not been recouped since the 16th October 1906. This is irregular and requires the Deputy Commissioner's attention.

5. The Revenue Commissioner is requested to add a para in his inspection reports in future as to the inspections of the office, if any, by any superior officers subordinate to him and the results thereof.

6. It will be convenient, if, in future, at the top of each inspection report the names of the Amildars and Sub-Division Officers in charge during five years preceding date of inspection are given with the periods during which each was in charge. This information is now requested for insertion in the reports already received.

subject to the payment of Land Revenue as follows:—

(*a*) For eight years from the date of the grant, *i.e.*, official year 191 -191 to 191 -191 nil.

(*b*) 9th year (official year 191) .... ¼ assessment.
10th „ (do 191) .... ½ do
11th „ (do 191) .... ¾ do
12th „ (do 191) .... and thereafter full assessment.

The title-deed is subject to the following conditions:—

1. The grantee shall not grow upon any of the lands such trees as supari, cocoanut, etc., which come under the head 'Dhruvapairu.'

Land Revenue, dated 27th August 1910.

2. Twenty per cent of the land comprised in this grant should be planted with trees within the 2nd year and another twenty per cent each succeeding year so that the whole is planted within six years, provided that the grantee can plant trees on a portion only, paying for the remainder the full assessment, but each acre so planted should contain forty standards at the least.

3. The grantee may also cultivate the land under the trees with cereal or other crop without being charged any assessment upon such cultivation so long as the water supplied is from a private and not a Government source and provided he does not grow coffee, mulberry or sugar-cane or jalari or lac trees. He can also make use of water from Government tanks or channels, etc., whether for cultivation or for plantation, provided he is willing to pay the water cess usually levied upon dry lands irrigated by Government water.

4. If, at the end of the twelve years, the land continue to be irrigated from Government sources, the assessment demanded shall be that of the neighbouring wet land.

5. The reason for the grant of favourable terms above indicated being to encourage the planting of trees and the consequent increase of vegetation over the face of the country, the grantee shall be bound to take proper care of, and to maintain, the trees and to replant for every tree felled, dying or otherwise disappearing, two others within a year.

6. The grantee shall be subject to the Excise Laws so far as they refer to the extraction of toddy and other fermented liquors from the trees planted, and to the provisions of the Forest Laws, which regulate the cutting and removal of trees or other forest produce from lands in the occupancy of private persons.

7. If the object of the grant is not fulfilled, or if any of the conditions are violated, the grant shall be liable to be resumed and full assessment on the whole land may, at the discretion of the Deputy Commissioner and subject to the orders of the Revenue Commissioner or Government, be collected from the date of the default.

ORDER THEREON. - Government agree with the Revenue Commissioner that, as the Revenue Sub-Divisions have been reconstituted and the Assistant Commissioners in charge thereof have been given a definite place in the administration of the district, it is necessary to give them independent imprests to enable them to meet without difficulty, emergent and petty contingent expenditure in connection with their tours and other official business. Government are, accordingly, pleased to sanction the scale of imprests recommended by the Revenue Commissioner, as detailed above, and direct that the same be held and accounted for by the officers concerned, in accordance with the provisions laid down in the Civil Account Code, Vol. I, 7th Edition.

1. Letter Pol. No. 689, dated the 20th February 1909, addressed to the First Assistant to the Hon'ble the Resident in Mysore, stating, with reference to the boundary dispute between Vadanakallu and Kalagalumi villages in the Pavagada and Kalyandrug Taluks, respectively, that, as the papers relating to the joint settlement effected by Mr. Sharp and Captain Barker in 1869, could not be traced, the Government would agree to the proposals of the Government of Madras for the rectification of the boundary marks as contained in letter No. 3491, dated 24th December 1908, from the Government of Madras to the Resident in Mysore, and suggesting that the demarcation may be effected by a joint commission to avoid any future controversy.

Letter No. 3491, dated the 24th December 1908, from the Acting Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No 6111, dated 1st December 1908, forwarding a copy of a communication from the Mysore Durbar with reference to the disputed boundary line between Survey No. 104 of Vadanakallu village in the Pavagada Taluk, Tumkur District, and the British village of Kalagalumi in the Kalyandrug Taluk, Anantapur District.

2. A search had been made both in this office and in the Madras Survey Office before the despatch of Mr. Cardew's letter No. 911 C—08-1, dated 4th June 1908, for copies of the decision of Messrs. Sharp and Barker and of the map signed by those officers but unfortunately the documents cannot be traced.

3. With reference to the contention of the Durbar that Mr. Martin admitted that the Mysore Survey map is in conformity with the original settlement of 1869, I am to point out that the statements contained in his letter No. 114, dated 8th February 1900, to the Deputy Commissioner, Tumkur District, are mere reiterations of those he made in his letters Nos. 677 and 759, dated 8th and 21st July 1899, respectively (copies enclosed). They were based on no record of measurements and, in the absence of such a record, cannot therefore be considered of any value.

4. As the decision of Messrs. Sharp and Barker by which the Mysore Durbar claims to abide, is not forthcoming, I am to express the hope of His Excellency the Governor in Council that the Durbar will in its absence accept the natural boundary line proposed by the representatives of both Governments Messrs. Martin and Sheshadri Iyengar.

5. I am to request that you will be so good as to ascertain whether this settlement commends itself to the Durbar.

Copy of letter from Mr. C. W. Martin, Esq., Deputy Superintendent, No. II Survey Division, to the Superintendent, Madras Survey, dated the 8th July 1899, No. 677.

With reference to your No. 541-S., dated 2nd March 1899, forwarding for report correspondence regarding incorrect demarcation of the boundary between Vadanakallu village, Pavagada Taluk, Mysore State, and Kalagalumi village, Kalyandrug Taluk, Anantapur District, I have the honor to report that I inspected the locality on Saturday the 1st July 1899.

2. The Amildar of Pavagada Taluk and the Tahsildar of Kalyandrug Taluk were both present.

3. A low range of hill forms the natural boundary between the two villages, along the top of which the true boundary should run, the northern slope being in British and the southern slope of the hill being in Mysore territory.

4. The Mysore Survey mark at B should be at the head of a small valley, the rise of a small stream, running down the southern slope of the hill into Mysore territory.

5. The Mysore Survey mark E (on the rough sketch) corresponding with the mark B on the rough sketch shown to me is on another spur of the hill with a large valley between and on the northern slope of the spur about 50 feet or so from the top.

6. I forward a sketch showing roughly the positions.

7. No survey mark was found on the ground at B marked on the sketch.

8. The banda or Mysore Survey mark set up at E, marked on the sketch, is obviously wrong.

9. The measurements taken at the time of survey by the Mysore Survey were not produced at the enquiry. The mark at B therefore could not be checked.

10. Measurements with the chain could not be taken and the points both those of the Mysore and Madras Survey must be fixed with the theodolite by triangulation.

11. Until the mark at B has been correctly fixed by the Mysore Survey according to their original Survey records, the Madras Survey mark cannot be fixed and it cannot be ascertained whether the mark at D is not on the line between C and B.

12. The boundary between the marks A and D is decidedly wrong.

13. As the incorrect demarcation of the boundary between the two villages was not finally settled, my report has not been made in the usual printed form.

14. A copy of this report has been forwarded to the Collector of Anantapur and another to the Amildar of Pavagada Taluk, Mysore State.

Copy of letter from C. W. Martin, Esq., Deputy Superintendent, No. II Survey Division Bellary, to the Superintendent, Madras Survey, dated the 21st July 1899, No. 759.

(Reference from the Superintendent, Madras Survey, to the officer in charge of No. II Survey Division, Bellary, No. 1893-S., dated 15th July 1899, requesting to arrange to dispose of the dispute between Vadanakallu village, Pavagada Taluk, and Kalagalumi village, Kalyandrug Taluk, Anantapur District.)

I have the honor in forwarding copy of my letter No. 613, dated 20th June 1899, to the Deputy Commissioner, Tumkur District, Mysore Province, and that of his reply thereto to report that, beyond requesting the Mysore authorities to produce the necessary maps and records for the enquiry into the boundary dispute, it was not in my power to make them do so.

2. I respectfully beg to state that until the mark, which I have reported and which the Amildar of Pavagada Taluk, the officer deputed on behalf of the Mysore Government, agreed with me, was obviously wrong, has been correctly fixed by the Mysore Survey according to their measurement records, it would be waste of time for me to enquire into the dispute.

3. I request, therefore, that you will be so good as to forward my report through Government to the Mysore Durbar with your recommendation to have their marks correctly fixed on the ground according to their measurement records.

4. I think the Mysore Durbar should have satisfied themselves that their survey marks were correctly fixed on the ground before making the complaint.

5. I sent a copy of my letter No. 677, dated 8th July 1899, to the Amildar of Pavagada Taluk to forward with his report to the Mysore authorities.

II. Letter No. 116, dated the 16th August 1910, from the Deputy Commissioner of the Tumkur District, stating that Mr. M. A. Narayana Iyengar, Sub-Division Officer, Maddagiri, who had been deputed to settle the boundary along with Mr. Ramamurthi Naidu Garu, Acting Headquarters Deputy Collector, on behalf of the Madras Government, could not arrive at any settlement, as the latter officer would not agree to the removal of the two cairns wrongly erected by the Madras Forest Department within Mysore Territory, and that the boundary which it had been proposed to adopt in the correspondence with the Madras Government, would, if accepted, result in the loss of nearly 55 acres of land, long in the possession of the Mysore Government.

III. Letter Pol. No. 540, dated the 3rd January 1910, to the First Assistant to the Hon'ble the Resident in Mysore, intimating the reason why the boundary could not be demarcated and also requesting that a further search may be caused to be made for the Settlement records of 1869, as the original papers appeared to have been sent to Madras with the Chief Commissioner's letter No. 6032-47, dated 5th February 1873.

Letter No. 1830, dated the 2nd June 1910, from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore, Bangalore.

With reference to your letter No. 159, dated 8th January 1910, and the subsequent reminder thereto, regarding the boundary dispute between Vadanakallu (Mysore) and Kalagalumi (Anantapur) villages, I am directed to state that the records returned with the Chief Commissioner's letter No. 6093-47, dated 10th January 1873 (not 5th February 1873 as stated by the Mysore Durbar in paragraph 2 of their letter No. 540—Pol., dated the 3rd January 1910) did not relate to the settlement effected by Mr. Stuart and Captain Barker and that although further search has been made, the report of these officers is not forthcoming.

2. I am to state that orders have been issued directing that the survey stone at the point D and the two forest cairns, which are stated to be situated within the Mysore territory according to the present settlement, shall be removed in communication with the Deputy Commissioner of the Mysore Province concerned.

No. R. 1192-4—L. S. 39-01-49, DATED BANGALORE, 23RD AUGUST 1910.

ORDER THEREON.—The original records relating to the joint settlement effected in 1869 and the report of the Commissioners in which the boundary has been laid down cannot be traced. It is not, therefore, possible to ascertain with precision how the course of the boundary was then settled. There is no doubt much force in Mr. M. A. Narayana Iyengar's arguments, and the boundary seems to be correctly indicated in the Mysore map. But, as the correctness of the boundary contained in the map cannot be verified in the absence of the original records, the Government are not disposed to reopen the question, and they accordingly direct that the settlement be carried out as agreed to in the first letter read above. The Madras Government have no objection to the removal of the Survey stone and the Forest cairns wrongly set up in Mysore Territory. The Deputy Commissioner of the Tumkur District should take the necessary steps in communication with the Collector of Anantapur to have the boundary properly demarcated and the incorrect boundary marks removed in accordance with the present settlement and to submit a final report in due course in the matter.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 9th August 1910.

Letters No. 457 and No. 467, dated the 23rd and 27th April 1910, respectively, from the Chief Observer in charge of the Meteorological Department in Mysore, forwarding the Report on Rainfall Registration for the year 1909.

No. R. 819-28—AGRI. 113-09-2, DATED BANGALORE, 9TH AUGUST 1910.

ORDER THEREON.—The report as usual contains much interesting information.

2. The rainfall during the year exceeded the average for the last forty years in all the districts, the excess of the average for the whole State being as much as 15 per cent. In both the previous years the rainfall had been deficient and the scarcity and distress caused thereby in several parts of the State disappeared with the advent of favorable rains during the early part of the year. The improvement was most marked especially in the Kolar, Tumkur and Chitaldrug Districts, which had suffered most severely by the failure of rains in the previous years. The hot and cold weather showers and the south-west monsoon were everywhere above the average and the rains were timely. But the north-east monsoon on which the tanks mainly depend for their supply proved more or less a failure; but the copious rainfall of the previous months prevented the scarcity of water in the tanks to a great extent. The quantity measured in the important river basins of the State also compares favorably with that recorded during the past seventeen years.

3. The total number of raingauges in the State during the year was 222, seven having been newly opened and one having been closed. Out of these, 164 or 73·9 per cent were inspected during the year.

4. Government regret to observe that even though they have insisted upon a programme of inspection to be prepared at the beginning of the year and submitted to them, so little attention is paid to the inspection of raingauges. Except in the Kolar District where all the raingauges have been inspected and to a smaller extent in the Shimoga and Hassan Districts, the work has been greatly neglected and the omission to inspect is most serious in the Bangalore, Mysore and Kadur Districts, where nearly half the number of raingauges have not been inspected. The work is really of such an easy kind that the failure to carry it out can only be ascribed to indifference, and the Revenue Commissioner is requested to see that proper arrangements are made for the inspection in all the districts.

5. The following raingauges which are reported not to be properly fixed on their pedestals should be attended to at once and the matter reported to Government.

Letter No. 1265, dated the 23rd July 1910, from the Revenue Commissioner in Mysore, submitting a report on the Industrial and Agricultural Exhibition and Cattle Show held at Harihar in April 1910.

I have the honour to forward herewith copy of letter No. 32, dated 20th July 1910, together with the enclosures, in original, received from the Deputy Commissioner, Chitaldrug District, reporting on the Industrial and Agricultural Exhibition and the Cattle Show held at Harihar on the 24th of April 1910 on the occasion of the Sangameswaraswami jatra.

2. I was present at the show and it was a great success. 6,544 head of cattle had been collected, and the number of visitors was twenty thousand.

3. The idea of combining a cattle show with the exhibition of agricultural products and demonstration in weaving was very commendable.

4. The zeal evinced by the non-official members in undertaking the various onerous duties connected with the exhibition is worthy of commendation.

5. I think the Deputy Commissioner may be permitted to encourage the holding of shows by turns in various taluks of his district.

ENCLOSURE I.

Letter No. 32, dated 20th July 1910, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore.

I have the honour to forward herewith copy of letter No. 54, dated 7th July 1910, from the Secretary of the District Agricultural and Industrial Association, Chitaldrug, reporting on the Agricultural and Industrial Exhibition with cattle show held at Harihar in April 1910 on the occasion of the Sangameswaraswami jatra held at the place. As the report is full and self-contained, there remains little for me, especially as the Revenue Commissioner himself had graced the occasion with his presence, to supplement, and I am glad to testify to the zeal and interest evinced by the Secretary and some of the members of the Association in making the exhibition and the show a great success.

2 The exhibition and the cattle show were greatly appreciated by the raiyats and the desire expressed by the residents of Harihar on the success of Nandagudi cattle show in March 1908, was brought to fruition by their hearty co-operation with the members of the Agricultural and Industrial Association.

3. The Deputy Amildar, Mr. B. Garudachar, and his staff deserve credit for the suitable arrangements they had made for the exhibition and the show.

4. The Revenue Commissioner's interesting and instructive speeches and suggestions were greatly appreciated by the public.

5. I feel confident that the interest and zeal evinced by the people of Harihar and the members of the Association, will be continued, so that the improvements in the agricultural stock, selection of seeds and methods of ploughing, may be brought into effect in this district through their influence and example, and I may also mention that the people are gradually alive to the benefits accruing from the expansion of industrial crops such as cotton, til, and groundnuts.

6. A bill with vouchers for the expenditure of Rs 200 granted by Government, from the District Funds, will be separately submitted to Government in the Local Fund Department.

Proceedings of the Government of His Highness the Maharaja of Mysore,

ENCLOSURE II.

Letter No. 54, from Chennakesaviya, Esq., B.A., Advocate and Honorary Secretary, District Agricultural and Industrial Association, Chitaldrug, to the Deputy Commissioner, Chitaldrug.

I have the honor to submit to Government the following report on the Agricultural and Industrial Exhibition with cattle show held by the above Association at Harihar in April 1910.

Origin of the exhibition.—In pursuance of one of the objects of the Association, to improve and encourage local agriculture and industry and at the suggestion and desire of M. Chengiah Chetty, Esq., B.A., Deputy Commissioner and President of the Association, and some leading members, it was resolved to hold this exhibition in April last before the Mungar rains set in, lest it might not be inconvenient to the raiyats. Without delay, sanction and help of Government were applied for on 27th March 1910, and readily granted in Government Order No. 8787-9—L. B. 271-09-3 of 2nd April 1910.

Selection of place for the exhibition.—As a jatra would be the best occasion for holding such exhibitions, it was ascertained that Sangameswara jatra was to come off at Harihar in the last week of April 1910. As Harihar is not only a place of pilgrimage and Railway Station but has the enviable advantage of water convenience in the district, it was readily decided to hold the exhibition and cattle show during the jatra for three days from the 24th April 1910. Besides cyclostyled copies of the prospectus and prize lists, that were soon circulated in the district, printed copies of the same were got from the Government Press, which is to be thanked for promptly sending them, and they were widely circulated in all the taluks of the district, and in the border taluks as well.

The prospectus and prize lists were also published in the Government Gazette and other local papers.

The exhibition buildings and grounds.—In consultation with Mr. N. Subba Rao, B.A., Sub-Division Officer of Davangere Range, and Mr. B. Garudachar, Deputy Amildar of Harihar, to both of whom thanks are due for their earnest help throughout, the verandah of the musafirkhana not far from the Railway Station was, at some cost, adapted for the exhibition of agricultural and industrial products and implements. In front of this building, a sufficiently big and neat pendal for lectures was put up. The open plain around Sangameswara temple, the bed of the Tungabhadra, which is about two furlongs from the exhibition pendal, was used for the cattle show, and there we had the natural advantage of the shade of two big umbrella-like trees which temporarily served the purposes of a tent. Mr. Narasimachar, Work Inspector of the taluk, the Harihar members of the Association, Messrs. J. Subba Rao, Pleader, Nadiga Balakrishna Rao, Rangari Ramappa, Shanbhog Seenappa, Patel Lingappa, Balaji Rao, retired cashier Rattihalli Govindappa and landholder Anantanaik Jade, and other local merchants, landholders all earnestly worked to complete the arrangements in time, and they all deserve our thanks.

Opening of the exhibition.—It had been arranged to have the opening ceremony at 7 A.M. on the 24th April 1910, but owing to some disorder caused by the heavy rains of the previous night, it was postponed to the evening of the same day. The arrangements being all complete, the Deputy Commissioner was conducted in procession from the travellers' bungalow to the pendal by the leading merchants and raiyats and members of the Association and welcomed by the Secretary near the pendal in the midst of the principal officers of the district and a large number of gentlemen and raiyats. At about 5 P.M., after a short speech by the Secretary on the objects and uses of exhibitions, the exhibition was declared open by Mr. M. Chengiah Chetty, Deputy Commissioner.

Arrival of the Revenue Commissioner and the interest taken by him.—The Revenue Commissioner was invited to preside at the distribution of prizes to the exhibitors. He kindly and readily accepted the invitation and arrived at Harihar on the morning of the 25th April and was received at the Railway Station and conducted to the travellers' bungalow by the Deputy Commissioner in company with the Sub-Division Officer, Secretary and local members of the Association and other gentlemen.

In the evening he visited the exhibition pendal and the cattle show and gave useful suggestions for the arrangement of the cattle and ploughing competition. He walked to the cattle show, and was present at the ploughing competition on 27th morning. On the evening of 27th April he distributed the prizes with words of encouragement to each prize-winner, and in his hearty speech gave much useful advice, which was much appreciated by the audience.

Revenue (Agriculture), dated 22nd August 1910.

Duration of the exhibition.—The exhibition was kept open for nearly seven days from the 24th to 31st April 1910. It was kept open from 6 to 11 A.M. and 2 to 7-30 P.M. on all the days. 27th and 28th April were reserved for ladies.

Visitors.—The admission was free. The total number of visitors amounted to about 20,000. In addition to the officers of the district, and a large number of merchants, lawyers, raiyats and other gentlemen of the district, many landlords of the bordering taluks of the Bombay Presidency and the Shimoga District had also come.

Mr. B. Garudachar, Advocate, Shimoga, presided for one of the lectures and took part in judging the exhibits. Mr. P. Sanjiva Rao, Press Correspondent of Bangalore, was also present.

Arrangement of exhibits.—Exhibits from all taluks were arranged together according to their class with labels on each showing the name of the exhibitor and the place where it was grown, etc., just as it is done at the annual exhibition held at Mysore. Details of exhibits are given in Appendix A, many articles of sandalwood and bead work were lent for exhibition by the citizens of Harihar, and thanks are due to them.

Exhibits deserving of special mention.—Paddy of Bagur in Hosdurga Taluk, navane, jola of Harihar Sub-Taluk, cotton of Harihar and Davangere Taluks, were the best of the several kinds of each sort that had been sent by different places.

The agent of Messrs. Binny & Co. and Messrs. Thavanappana Brahmappa and Maganahalli Shadaksharappa had supplied us with Egyptian, Australian and American cotton plants bearing cotton.

The Superintendent of the Government Botanical Gardens at Bangalore had kindly sent different fibre plants with specimens of fibres of each together with a memo of instructions to cultivate the Sisal Hemp.

Different kinds of Canadian ploughs, a chaff-cutter and chain pump were exhibited and experimented by the manager of the Hebbal Farm. Their use was well appreciated by the raiyats.

A piano prepared by one Sivappa of Davangere with Swadesi materials was very much praised by the visitors. The potteries of Kuppelur were praiseworthy.

Cattle show.—About 3,000 cattle had arrived by the 27th April and they continued to pour in till 31st and the total number by that time amounted to about 6,544.

The following statement shows the number of cattle according to their breed :—

Hallikar	272
Amrut Mahal	42
Nellore	6
Country	436
Bettadadana	1,990
Nadudana	894
Hallikar and Bettadadana cross	2,869
Pavagada	35
	6,544

Of the 3,000 cattle that had collected at the time of judging, 150 were selected for the show and the remaining rejected. On the whole the collection was a very fine one.

Sale of cattle.—A large number of bulls were sold, the price varying from Rs. 450 to 150 a pair.

Prizes for cattle.—Twelve prizes amounting in all to Rs. 68 were awarded, of which one was a gold medal of Rs. 15 and three silver medals of Rs. 5 each.

Ploughing competition with American and Indian ploughs.—A ploughing demonstration was held on the morning of the 26th April on the field near the exhibition pendal. On the morning of 27th April between 8 and 10-30 A.M., a ploughing competition was held on the field near the cattle show. Some raiyats and servants of Hebbal Farm took part. The Revenue Commissioner was pleased to be present at the time. Plots measuring about a gunta were marked out and the competitors were made to plough in batches. Four pairs competed for the prize.

Weaving competition.—To encourage the introduction of fly-shuttle looms, one had been sent for and fitted up in the weaving house of one Tippanna, and side by side with the hand loom. For three days the working of the same was well exhibited by a student of Molakalmuru under the guidance of his teacher Mr. Dewvel. A competition was also held to give a stimulus to local weavers. It was found that with comparatively less labour, a better result is obtained in the fly-shuttle loom.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 56, dated the 30th July 1910, from the President of the Dasara Industrial and Agricultural Exhibition Committee, submitting his report on the Dasara Industrial and Agricultural Exhibition of 1909.

No. R. 1275-1316—AGRI. 201-08-53, DATED BANGALORE, 26TH AUGUST 1910.

ORDER THEREON.—The report, though somewhat belated, is interesting. In spite of several adverse circumstances, the chief of which was the prevalence of plague of a virulent type at the time at Mysore, the Exhibition reached the same high level as its predecessors.

2. Though there was a decrease in the number of visitors, the income from the sale of tickets having fallen from Rs. 2,407 in the previous year to Rs. 1,303, there was a decided improvement both in the number and variety of the exhibits. The popularity of the exhibition outside the State is also steadily increasing, 18,984 exhibits having been received from 68 outside stations as against 3,613 exhibits from 47 stations in 1908. The total numbers of exhibits and exhibitors were 31,768 and 2,652, respectively, as against 15,277 and 1,386 in the previous year.

3. The Exhibition buildings were fitted with electric lights and were greatly improved and enlarged.

4. The total amount spent for the exhibition was Rs. 19,216-10-0. But this includes Rs. 6,113 spent in effecting several permanent improvements to the buildings and also charges for the upkeep of buildings and other expenditure not incurred during the exhibition. The net cost of the Exhibition was Rs. 10,864 as against Rs. 10,990 and Rs. 10,971, respectively, in the two previous years.

5. There was an increase in the number of prizes awarded, the value of the prizes distributed being Rs. 3,341 as against Rs. 2,976 in 1908.

6. A handbook enumerating all the exhibits was issued and it served as a useful guide to the Exhibition. Government agree with the President that the publication would be rendered very useful and interesting if the exhibitors fully realise the value of such a handbook and furnished all the necessary particulars in time so that it may be a complete record of the exhibits and help visitors in making an intelligent study of them.

7. Much information of industrial and agricultural value was also imparted by means of lectures and the demonstrations arranged by Dr. Coleman and his assistants.

8. The thanks of Government are due to the several Local Administrations and Native States for their participation in the Exhibition and to the Railway Administrations for the concessions shewn by them to exhibits and exhibitors. The Government desire to thank in a special manner the Madras and Southern Mahratta Railway Company who granted concessions to all exhibitors irrespective of distances and issued special tickets for the convenience of visitors.

9. Government are very glad to note the cordial co-operation of non-official gentlemen and desire to express their appreciation of the assistance rendered by them.

10. The thanks of the Government are due to the several officers who took part in organising the Exhibition. They specially note with commendation the services rendered by Mr. G. Subbaswamy Iyer as Secretary to the Exhibition Committee. They also consider that great credit is due to Mr. Krumbiegel for having so efficiently managed the Exhibition and desire to convey their thanks to him.

Revenue (Agriculture), dated 26th August 1910.

11. The Inspector-General of Education is requested to convey, through the heads of the institutions concerned, the satisfaction of Government at the zeal shown by the students of the Maharaja's College and the Engineering and Industrial Schools in working as volunteers and assisting the Exhibition Committee in this manner.

12. The President is requested to submit separate proposals in consultation with the Committee for the appointment of a separate Joint Secretary to relieve the permanent Secretary to the Exhibition Committee of some of the work connected with the arrangement and staging of exhibits during the Exhibition.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 25th August 1910.

READ—

Letter No. 12997, dated 29th June 1910, from the Revenue Commissioner in Mysore, recommending the adoption of a special Chellan form in triplicate, proposed by the Deputy Commissioner, Chitaldrug District, for noting repayments of takavi and other loans in the several Taluk Treasuries, and requesting that the form may be ordered to be printed at the Government Press and 3,000 copies thereof supplied to the Deputy Commissioner, Chitaldrug District, for distribution to the several taluks.

No. R. 1245-55—AGRI. 2-10-2, DATED BANGALORE, 25TH AUGUST 1910.

ORDER THEREON.—It is proposed to adopt the special Chellan form for noting repayments of loans in order to avoid the delay and the difficulties which have been found to exist in checking the repayments in the District Office and to facilitate the preparation of the periodical loan accounts.

2. The Comptroller, who was consulted in the matter, agrees to the adoption of the special form with certain additions to the number of columns.

3. Government are pleased to approve of the adoption of the special form in all the districts, as appended hereto. The Superintendent of the Government Press and Stationery Depot is requested to print and keep a sufficient stock of the form and supply copies to the Deputy Commissioners of Districts as they require.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 12th August 1910.

READ—

Letter No. 6519, dated the 8th February 1910, from the Conservator of Forests in Mysore, bringing to notice that refunds of Forest revenue are in some cases sanctioned by Government without reference or intimation to him and requesting, therefore, that necessary instructions may be issued to all Revenue officers to forward all refunds of Forest revenue to him so that he may sanction such of them as are for claims not exceeding Rs. 200 under Article 119 of the Forest Code and submit the others to Government.

2. Unofficial note No. 37, dated the 21st March 1910, by the Revenue Commissioner in Mysore.

No. R. 930-2—Ft. 23-09-6, dated Bangalore, 12th August 1910.

ORDER THEREON.—Government observe that the items of Forest revenue collected by the Revenue agency relate to realizations from District Forests including all unoccupied lands not specially managed by any other Department, such as Amrut Mahal or Excise Department. The management of these tracts is solely vested in the Revenue officers and the Forest officers have generally nothing to do with the realization of the receipts therefrom. They are collected in the Revenue Department and are paid into the Treasury by the officers of that Department; and under standing orders, the credits are entered in the Treasury accounts under Forests. Objections regarding the recovery are heard and determined by Revenue officers and such orders are subject to appeal and revision in the same manner as those relating to Revenue matters. The refunds follow the orders of the appellate and revising authorities as a matter of course. In all these proceedings the Forest officers have no voice except when concerned as a direct party in any of the disputes. The Conservator cannot interfere in any manner with the orders directing the refund or otherwise deal with the reference except endorsing the action of the countersigning officer.

2. Under the circumstances, Government do not consider that any change is necessary in the existing practice of the refunds coming up to Government for sanction. The reference to refunds in Article 119 of the Forest Code has to be construed so as to apply to revenue realized by Forest officers. And Government will be glad to receive proposals from the Conservator to amend the wording of Section 119 so as to make this clear.

3. The orders sanctioning such refunds will, in future, be communicated to the Conservator of Forests also, as they affect revenue appertaining to the Forest head of Treasury accounts.

The following papers on the subject of forming Village Forests :—

(1) Letter No. 10592, dated the 31st March 1908, from the Revenue Commissioner in Mysore.

(2) Letter No. 9306, dated the 27th April 1908, from the Conservator of Forests in Mysore.

No. R. 951-60—FT. 187-07-3, DATED BANGALORE, 13TH AUGUST 1910.

ORDER THEREON.—In order to encourage raiyats to depend upon their own resources for the supply of fuel and timber required by them for agricultural and other purposes and pay some attention to the preservation of forests, the subject of assigning them definite portions out of existing forests and other wooded areas as Village Forest in which they may make systematic efforts to promote the growth of trees and refrain from wasteful and wanton destruction, has been often urged before Government.

In the year 1895 the late Mr. L. Ricketts, who was then Inspector-General of Forests, expressed his opinion in the matter as follows :—

> "The agriculturists of maidan have not hitherto felt the want of separate Village Forests for themselves save those that live in the vicinity of forests and for whom necessary provision has already been made. Raiyats and traders, where no Village Forests exist for the former, get their supplies side by side from the District Forests which remain common to both. This measure has led to the gradual deterioration of such District Forests and it is under contemplation to stop the issue of licenses to traders in taluks where depots are established by the Forest Department for the sale of wood and bamboos. It would not therefore be inexpedient to form village forests, where possible, from portions of the existing District Forest and from unoccupied waste lands, and hand them over to the village communities for preservation and economical use of the same under certain conditions in the shape of a few simple and practical rules. A Village Forest thus formed will have to be assigned to village or group of villages which have hitherto been exercising their customary privileges in the District Forest prior to its division or conversion into Village Forest. In most cases, it may be necessary for purposes of management to include in one block the forest area of several contiguous villages. All fellings in a Village Forest for jaggory or arecanut boiling will have to be paid for and the fees collected should be formed into a Provident Fund and utilised for the improvement of the Village Forest. The revenue from minor forest produce in it may also be assigned for the same purpose. The Village Forest should be regarded as an indigenous institution for the agricultural prosperity of the State."

2. The opinions of Deputy Commissioners of Districts were also invited in connection with this proposal, but the scheme to constitute Village Forests did not take practical shape as it was considered at the passing of the Forest Regulation in 1900 that the time had not arrived when the people could be rendered independent of Government control in such matters and trusted to regulate the use of any forests to their best advantage without direct interference from Government. Provision was, however, made in the Forest Regulation of 1900 for the constitution of Village Forests, so that there may be no difficulty informing such forests whenever it became practicable or necessary to do so.

3. Under the Forest Regulation all forests are divided into three classes, *viz.*, State Forests, Village Forests and District Forests; and as Village Forests have not been separately constituted, there are at present only two classes of forests, *viz.*, State and District Forests. The State Forests are entirely under the control of

the Forest Department and managed according to strict principles of Forest conservancy. The District Forests are under the control of the Deputy Commissioner and the rules issued by Government in Notification No. 245-1300, dated 2nd October 1901, for the management of District Forests are mostly intended to preserve the stock from wanton destruction and reckless removal by defining the raiyats' privileges and fixing the seigniorage to be paid for cutting reserved and classified trees. These rules do not provide for any systematic sylviculture and exploitation in such areas. The result is that the improvement and preservation of the stock in District Forests have been greatly neglected, and though it is stated that some efforts are made by the Forest Department towards the conservation of timber in such areas, it is nevertheless apprehended that unless some special measures are devised for securing more attention to the growth of timber in such tracts, the resources of the raiyats will be greatly diminished and their general prosperity also affected by neglect and misuse of the District Forests, on which they are now solely dependent.

4. According to the definition of District Forests in the Forest Regulation, lands assigned at the Survey Settlement as free grazing ground or for any other public or communal purposes are not included in it, but under the rules issued for the management of District Forests, such lands are also brought within the scope of these rules. The lands to which the rules apply, are (*a*) lands of which the Government has acquired the ownership or possession by purchase, lease or otherwise, (*b*) assessed but unoccupied land, (*c*) unassessed and unoccupied land, (*d*) lands assigned as free grazing ground or for other communal purposes. The rules thus apply to all lands that are not reserved as State Forests and that are not in private holding. As it is difficult to devise any satisfactory method by which lands so widely scattered and presenting such great varieties could be efficiently protected, it has seemed to Government, that if such parts thereof as are not so valuable as to require to be conserved scientifically and treated as State Forest or reserved lands, could be made over to the people and if they could be induced to take some interest in their preservation, it would tend greatly to the improvement of the forest resources of the State. Conditions have greatly altered during the last ten years and Government have no doubt that there are several tracts in the State in which the people will be found capable of sufficient co-operation to be fit to be entrusted with the management of Village Forests. Where the area of forests still available after reservation of all important tracts is large as in the Malnad and the raiyats exercise numerous peculiar privileges in these wooded tracts, which are known as Kans, it may be even desirable to introduce such a scheme as an experiment.

5. The Conservator of Forests and the Revenue Commissioner who were consulted do not agree in their opinions. The Conservator proposes that all gomal lands and District Forests should be constituted into Village Forests and that all unreserved lands in any village or group of villages containing an area of 250 acres or more must be demarcated and managed under proper rules, a small fee being levied on every head of cattle in excess of a fixed number grazed in the tract and forest produce removed over and above a fixed quantity to meet the cost of management of planting and of rearing. The collection of the revenue and management of the forest is to be left to the Village Panchayat, who in all matters relating to exploitation and improvement of the stock will be guided by the advice of the Forest Range Officers. He proposes, that the experiment be tried for the present in Bangalore and Tumkur. The Revenue Commissioner, on the other hand, considers that it would be very difficult to lay down the general principles as to the lands which should be constituted into Village Forests, and to separate them from Amrut Mahal Kavals, forest plantations and reserves with which they are intermixed and to fix the manner in which the rights and privileges which should be given to the villagers should be determined and the agency for the management of such forests decided upon. He therefore proposes that a committee should be appointed to consider the question in all its aspects, so that a suitable scheme may be drawn up if necessary.

6. Government are of opinion that the subject is one in the solution of which local conditions are of great importance and that it may not be possible to devise one uniform scheme for the entire State. The Deputy Commissioners of Districts

Forest, dated 13th August 1910.

are requested to consider the subject with reference to the peculiar circumstances of each district and furnish Government with their opinion on the following points :—

(1) What are the arrangements that have been made in their districts for the management of District Forests and what improvements can be effected in them?

(2) What is the present condition of District Forests and to what extent is it possible to devise some means whereby reproduction in these forests can be carried on systematically without employing any separate agency for the purpose?

(3) Whether there is any part of their districts in which the scheme of Village Forests may be tried and if so what classes of land they would propose to include in these forests. What are the conditions under which the management is to be entrusted to the villagers and the manner in which the privileges to be exercised by them are to be defined and regulated; how should the governing body be constituted and how are the expenses of management and conservancy of the forest to be met?

In submitting their opinion Deputy Commissioners would do well to have the subject discussed in a conference to which the Sub-Division Officers, Amildars and Forest Officers and some representative raiyats may be invited. The forthcoming preliminary meeting of the Dasara Assembly may furnish a suitable occasion for such a conference.

4. At the sales held at the first six kotis on the dates mentioned, the competition was so dull and the sales so poor that I had to personally conduct the sale of the unsold lots at Hunsur on the 16th December when I succeeded in disposing of a large quantity though at some sacrifice. In Shimoga, where the sale was personally conducted by the Deputy Commissioner, bids considerably lower than the minima rates fixed by me had to be accepted in view to get rid of the previous year's stock. The sales were thus extremely disappointing, the rates secured being even lower than those of the previous year, when the declension, after several years of high prices, began. As the great bulk of the wood is exported to Europe, chiefly, for the purpose of distillation, the depression must be attributed to the slump in the European market. Notwithstanding all our efforts, one-fifth of the output remained unsold. Though several applications were received after the sales for the balance of wood remaining on hand, the prices offered were so low that they had to be rejected in anticipation that trade would revive and prices would go up as soon as the stock held by the European merchants was exhausted. So far, however, there has been no indication of this.

5. Out of the total quantity of 2,409 tons 9 cwts. 4 lbs. exposed for sale, 1,971 tons 6 cwts. 109 lbs. were disposed of against 2,086 tons 2 cwts. in the year 1908-09.

6. The quantity of wood offered for sale was less by 78 tons 5 cwts. 68 lbs. the quantity sold, by 114 tons 15 cwts. 12 lbs. and the amount realized, by Rs. 2,34,031-15-1 than in the previous year. The quantity left unsold was 438 tons 2 cwts. 7 lbs.

7. The result of the sales during the current year as compared with that of the previous year at the several kotis is shown in the following table:—

8. It will be seen from the above that the average rate obtained was only Rs. 408 against Rs. 497 and 550 in 1908 and 1907 respectively. The highest average of Rs. 433 per ton was realized in the Hunsur Koti and the lowest, *viz.*, Rs. 332 in Tirthahalli. If the value of unsold wood calculated at the rates secured at the auction be taken into consideration, the average for the year rises to Rs. 418

As usual, Messrs. Volkart Brothers of Tellicherry were the largest purchasers. Mr. Sorabji Nowroji, an old customer of the Department and the leading Indian Sandal Merchant, comes next. Messrs. Peirce Leslie & Co., whose purchases were limited last year, have increased their purchases this year and come third.

Forest, dated 26th August 1910.

It will be noticed that the prices realized at all the kotis for every class were considerably lower than in the previous year.

The average rate for the first nine classes, notwithstanding the great drop as compared with the previous six years, is higher than that of the decade ending 1907, and for the next nine classes lower, with the result that the all-round average is lower by Rs. 49 per ton.

The quantity of green wood brought to koti was only 92 tons 1 cwt. against 214 tons 9 cwts. 56 lbs. in the previous year.

15. The quantity of Inam Jahgir and private sandalwood sold during the year was only 2 tons 49 lbs. against 105 lbs. in 1908-09 and the amount realized therefor was Rs. 995-15-8. The balance of wood left unsold was 5 tons 4 cwts. 39 lbs.

16. The construction of the sandal koti at Shimoga has been sanctioned and the work has been started. Thus a long-felt want will soon be supplied.

No. R. 1317-26—Ft. 38-09-7, dated Bangalore, 26th August 1910.

Order thereon.—Recorded.

2. During the year under report, 2,409 tons, 9 cwts. and 4 lbs. of sandalwood were exposed for sale as against 2,487 in the previous year. Of this quantity, 1,971 tons, 6 cwts. and 109 lbs. were sold against 2,086 tons and 2 cwts. disposed of in the year 1908-09, the amount realized being Rs. 8,04,092 or Rs. 2,34,032 less than in the previous year. The stock remaining unsold was 438 tons, 2 cwts. and 7 lbs., which has to be kept over for the next sales. An all-round rate of Rs. 408 per ton was secured against Rs. 497 in 1908 and Rs. 550 in 1907.

3. The results of the sales have not been satisfactory and it is observed that several tenders were received after the sales, but the prices offered being very low, they were rejected by the Conservator. It is a question whether there should at all be a system of tenders like this, subsequent and supplementary to the sales by public auction.

READ—

Letter No. 3379, dated the 3rd May 1910, from the Secretary to the Insurance Committee, submitting the report on the working of the Mysore State Life Insurance Scheme for the year ending 30th June 1909.

No. FL. 690-1—B. 44-09-2, DATED BANGALORE, 6TH AUGUST 1910.

ORDER THEREON.—Recorded.

2. The number of proposals received during the year 1908-09 was more than double of that received in the previous year. Nearly three-fourths of them were disposed of during the year and resulted in policies aggregating a bonus of Rs. 5,82,088, bringing in a monthly premium of Rs. 1,992. The large increase in the number of applications is attributed to the admission of Hobli School Masters, whose pay was raised to Rs. 10 a month, the minimum limit of insurance. Anything which tends to the happiness and peace of mind to the primary school teachers is of great benefit, and the fact that almost all of them have now been able to secure a provision for themselves in old age or for their families is indeed a source of gratification to Government.

3. Seventy-five death claims amounting to Rs. 57,436-12-0 have been discharged during the year, leaving 107 claims aggregating Rs. 79,020-8-0 awaiting disposal. Government understand that this comparatively large number of pending claims is due to the heirs not having obtained the Court's succession certificate which is under the rules required to be produced in cases where the insured did not register any nominees during his life-time. The Government have learnt with satisfaction that the Insurance Office is taking energetic steps to have nominations registered as far as possible in all cases, so that, if the insured in their own interests respond to the action which is being taken by the Insurance Office, the death claims can in future be very promptly settled. Government note that mature policies to the extent of Rs. 55,027-14-0 were also discharged and 30 policies assuring Rs. 15,945 have been surrendered for a value of Rs. 6,141-13-6.

4. Government are glad to note that deaths by plague were less during the year under report and that the state of the Fund with a closing credit balance of Rs. 18,02,790-1-6 is satisfactory.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 506—1-10, dated the 4th May 1910, from the Inspector-General of Prisions in Mysore, forwarding a Report on the administration of Jails and Lock-ups in the State for the calendar year 1909.

No. J. 664-74—PRIS. 66-09-5, DATED BANGALORE, 29TH AUGUST 1910.

ORDER THEREON.—The total number of admissions during the year was 13,429 against 10,770 in the previous year. Inclusive of 1,223 prisoners who were in confinement at the beginning of the year, the total Jail population was 14,652 against 11,912 in 1908. Of these, 13,459 were discharged, leaving a balance of 1,193 prisoners at the end of the year. The increase in the number of admissions was noticeable both among convicts and under-trials, and the daily average rose to 1,266·03 from 1,201·74 in the previous year. This increase in the Jail population is attributed by the Inspector-General of Prisons to the distress that prevailed during the year and the consequent rise in the price of food-stuffs.

2. The Inspector-General brings to notice the larger percentage of acquittals among under-trials as compared with the corresponding figures in the Madras Jails. Government desire to invite the attention of the Inspector-General of Police to the remarks contained in para 20 of the Report.

3. Six convicts and ten under-trials escaped from custody during the year against 2 and 6 respectively in the previous year. Of these, only two of the former and five of the latter were recaptured. The increase in the number of escapes is an unsatisfactory feature in the year's administration and calls for notice.

4. Government, however, note with satisfaction that, in spite of the larger Jail population, the discipline in the prisons continued to be good.

5. The expenditure incurred during the year on Jails and Lock-ups was Rs. 1,12, 060-13-3, which was an increase of Rs. 6,149-6-2, over that of the preceding year, and which was due partly to the larger number of prisoners in the Jail and partly to the enhanced prices of food-stuffs.

6. The cash earnings of convicts showed a decrease of Rs. 1,615-0-7. The Inspector-General attributes this to the system of employing prisoners on extramural labour which is in vogue; and on this account, as well as on disciplinary and other considerations, he recommends its discontinuance. His attention will be invited to the orders contained in Government Proceedings No. 1668-73, dated the 18th December 1906, limiting the employment of prisoners on extramural labour.

7. Mr. Achyuta Rao, the Superintendent of the Central Jail, Bangalore, was deputed in the early part of 1909, to visit several Jails in British India and in the Hyderabad State, with a view to study and report what industries can be profitably started in the Central Jail. His report was carefully considered by Government and, as a result, orders were recently passed sanctioning the starting of Khaki weaving industry. A sum of Rs. 10,000 has accordingly been provided for the purpose in the current year's budget. The Inspector-General of Prisons is requested to take steps to start the industry at an early date.

8. From the statement appended to the report, it is seen that short-term sentences ranging from one to six months were inflicted in a large number of cases and that nearly one half of the number of prisoners that passed through Lock-ups were sentenced to imprisonment for one month or less. Again, of the 72 juveniles that were convicted and ordered to undergo imprisonment during the year no less than 47 were sentenced to similar short periods of imprisonment. Government have repeatedly urged on the attention of all Magistrates that, as far as possible, such short sentences should be avoided, particularly in the case of juveniles.

Judicial and Legislative (Prisons), dated 29th August 1910.

Government desire to impress on all Magistrates once again the undesirability of passing sentences of this kind; and where it may be considered that they cannot otherwise be avoided, Magistrates will be well advised to make use of the powers conferred on them by Section 562 of the Code of Criminal Procedure. The notice of the Chief Court will also be invited.

9. Government regret that no progress could be made during the year regarding the construction of a juvenile prison in the State.

10. In spite of the increase in the Jail population, the health of prisoners continued to be good. Government are glad to learn that the new scale of diet introduced during the year under report as a tentative measure into the District Jail at Mysore and the Central Jail at Bangalore has yielded satisfactory results both from an economic as well as from a health point of view. They await with interest the further report promised by the Inspector-General on the same subject.

Letter No. 954—62-07, dated the 13th August 1910, from the Inspector-General of Prisons in Mysore, forwarding a statement showing the escapes of prisoners from the Lock-ups in the State and their recapture for the quarter ending the 30th June 1910.

No. J. 713-22—PRIS. 18-10-2. DATED BANGALORE, 31ST AUGUST 1910.

ORDER THEREON.—Recorded.

2. It is observed that so many as sixteen prisoners made their escape from custody during the quarter under report, while only five of them have been recaptured till now. The escape of seven convicts on one and the same day from Davangere Lock-up is a serious matter and calls for a thorough enquiry into the circumstances under which the escape occurred. Government observe that no special report was submitted in this matter though over three months have elapsed. The escape of three under-trial prisoners on one and the same day from the Honnali Lock-up is another unsatisfactory feature disclosed for the first time in the quarterly report.

3. Government regret to note that of late the number of escapes of prisoners is on the increase and they trust that District Magistrates will not fail to take vigorous steps to have the persons responsible for such escapes duly prosecuted and punished.

Letter No. 116, dated 16th May 1910, from the Registrar of Joint Stock Companies in Mysore, submitting the Report on Joint Stock Companies, Literary, Scientific and Charitable Societies and Co-operative Societies working in the State during the year ending the 31st March 1910.

No. J. 492—Regis. 45-09-2, dated Bangalore, 13th August 1910.

Order thereon.—Recorded.

2. There was a fall in the number of Joint Stock Companies owing to the winding up of seven Companies under Regulation III of 1895. No new Companies were registered during the year. Though some of the Companies increased their nominal as well as paid-up capital during the year, there was a fall in the aggregate amount, owing to the winding up of several Companies in the State without the registration of any new Company.

3. Only one new Company was registered during the year under the Regulation for the registration of literary, scientific and charitable societies (Regulation No. III of 1904). The reference to Act IV of 1900, which is not in force in the State, in the Registrar's report was unnecessary.

4. Government are glad to note that the Co-operative Societies in the State are rapidly increasing in number and usefulness.

5. The work of inspection of Companies continued to be satisfactory.

Letter No. 7028-649, dated the 7th June 1910, from the Inspector-General of Police in Mysore, forwarding the following Report on the working of the Coffee Stealing Prevention Act for the season ending the 31st March 1910:—

"During the season under report there were 7 cases (6 in the Kadur District and 1 in the Hassan District) reported under the Coffee Stealing Prevention Act, against 6 in the previous season. With the one case that was pending from the preceding year the total number of cases handled by the Police was 8.

2. The results of Police action in these cases with those of the previous year are given below:—

District	Cases			Persons			Amount of fines realised	Remarks
	Reported and pending	Convicted	Pending before Magistrates	Prosecuted	Convicted	Pending		
Kadur	6	6	.....	7	7	.....	35	
Hassan	2	1	1	2	1	1	5	
Total for 1910 ...	8	7	1	9	8	1	40	
Total for 1909 ...	7	6	1	7	7	.....	57	

3. It will be seen from the above that 7 cases ended in conviction, showing a percentage of 87·5 against 85·7 during the previous season. The total number of persons dealt with was 9 against 7, of whom 8 persons or 88·8 per cent against 100 of the previous year were prosecuted to conviction. The amount of fines realised during the season was Rs. 40 against Rs. 58 of the preceding year.

4. The number of Police officers rewarded by Magistrates in connection with these cases was 1 against none in the previous year. Jamadar Venkatachar of the Alur Centre was awarded Rs. 10 by the Court for having detected 5 of the cases.

5. The number of cases of coffee thefts dealt with under the Indian Penal Code, during the season, was 16 against 14 of the previous season. Of these, 3 cases or 18·7 ended in conviction, as will be seen from the subjoined statement:—

District	Cases							Persons				Remarks

6. Of the 10 cases that were pending at the close of the season ending 31st March 1909, one was discharged, 5 were struck off as false, 3 were pending on B Form and 1 was pending with the Police.

7. The services of 5 constables had been lent to coffee planters in the Hassan District, but there were no applications for their services in the Kadur District.

8. The results are on the whole satisfactory and testify to the good work done by the Police in the prevention and detection of crime."

Letter No. 5356-462, dated the 16th March 1910, from the Inspector-General of Police in Mysore, forwarding a report on the working of the Mysore Arms Regulation for the calendar year 1909:—

"I have the honor to submit the following report on the working of the Mysore Arms Regulation and the rules framed thereunder for the calendar year 1909.

2. Statement No. I hereto annexed shows the total number and the description of licenses issued under the various forms. It will be seen from it that 16,402 licenses were issued during the year against 18,500 in the year previous, with a net decrease of 2,098 licenses. The decrease is noticeable in all the forms except II, III and V, but it is marked in form VII,*viz.*, License to possess Arms and Ammunition for the purpose of destroying wild animals, the number being 1,817.

Among the districts, Shimoga shows the largest decrease, *viz.*, 1,881, next come Mysore and Kolar with 500 and 251 respectively. The District Magistrates of the latter two districts explain that the decrease in their districts was due to the minute scrutiny, supervision and control exercised by them in renewing old licenses and in granting fresh ones, but the District Magistrate, Shimoga, has not assigned reasons for the decrease in his district. In form V, only one license to go armed on a journey was issued against *nil* in the preceding year. This was in the Bangalore District.

3. Statement No. II shows the number of persons licensed to deal in sulphur, etc., in the Mysore Province. It will be seen from it that there were 84 licensed dealers during the year against 81 in the previous year. The quantity of sulphur in hand with the dealers in the beginning of the year, was 14 tons, 13 cwts. 2 qrs. and $27\frac{33}{40}$ lbs. or 3 cwts., 1 qr. and $20\frac{1}{2}$ lbs less than the closing balance on the last day in the previous year. This deficiency in the opening balance on the 1st January 1909, is accounted for by the fact that the stock in hand on the 31st December 1908 with two licensees in the Hassan District and one in the Shimoga District not having been brought into account during the year under report, as they did not renew their licenses and transact business. The quantity purchased during the year was 7 tons, 14 cwts. 3 qrs., and $4\frac{3}{10}$ lbs. The quantity sold during the year was 11 tons, 4 cwts., 3 qrs. and $3\frac{9}{10}$ lbs. and the balance remaining unsold was 11 tons, 3 cwts., 3 qrs. and $\frac{3}{10}$ lbs. As reported last year, sulphur was used for medicines and for fireworks.

4. Statement No. III appended shows the inspection by Police officers and Magistrates of stock premises and books of licensed dealers. The Superintendents of Police inspected 73 out of 126 shops and Police Inspectors 90. The inspection work by the Superintendents of Bangalore, Hassan and Chitaldrug is satisfactory, and it is fair in Shimoga, 10 out of 15 shops having been inspected. But it is bad in Kolar, Tumkur and Mysore, where more than half the number of shops were not inspected, and worst in Kadur, 22 out of 25 shops not having been inspected.

Excluding the 10 shops which had been closed during the year, there were 116 shops for inspection, of which 9 in Kolar, 2 in Kadur and 1 in Tumkur were left wholly unvisited both by the Police and the Magistracy.

5. The subjoined statement shows districtwar details of the prosecutions under the Arms Regulation during the year 1909 and in the preceding year:—

2. Letter No. 7062-654, dated the 9th June 1910, from the same officer, forwarding in original the explanations of the District Magistrates of Kolar, Shimoga and Mysore on certain points regarding the decrease in the number of licenses issued in their respective districts.

Judicial and Legislative (Police), dated 27th August 1910.

No. J. 641-9—Police 168-09-6, dated Bangalore, 27th August 1910.

Order thereon.—There has been some delay in the submission of the report which is explained to be due to the late receipt of the report from the District Magistrate of Bangalore.

2. During the year, 16,402 licenses were issued against 18,500 in the previous year. To this decrease of 2,098 the Shimoga District contributes as many as 188, owing, it is explained, to only a small number of licenses having been granted for the purpose of destroying wild animals. Mysore and Kolar come next with 500 and 251 respectively. There has been a fall in the numbers of licenses of all kinds, but licenses for the purpose of destroying wild animals (Form VII) show the most marked decrease of 1,817 in the number issued. As regards arms for which licenses or renewals of licenses were refused, it is explained that except in cases where licenses were applied for in the mere expectation of a weapon being purchased, action was taken under the provisions of Section 11 of the Regulation.

3. The number of shops licensed under the Regulation was 126, and as 10 of them closed down, only 116 were left for inspection, of which 12 were left unvisited. Though this average of inspection is fairly good, Government are constrained to remark that it offers considerable scope for improvement. The attention of the District Magistrates will be invited to the remarks made by the Inspector-General of Police in para 4 of his report.

4. During the year under review, there were 58 offences involving 66 persons under the Arms Regulation, as against 47 involving 51 persons in the year 1908. Of these 48 cases involving 54 persons ended in conviction, 9 cases involving 11 persons in acquittal and one case in which there was one accused person was pending at the close of the year.

India Army Order No. 334, dated the 6th June 1910:—

"334. *Private Arms of Indian Troops.*—India Army Order No. 326 of 1909 is cancelled and the following is substituted:—

In order to provide for the closer control over the possession of private arms by Indian troops, the Government of India direct the observance of the following rules:—

(*a*) An Indian soldier, while absent from his regiment on leave, shall be exempt from the operations of Sections 13 to 16 of the Indian Arms Act in respect of such arms and ammunition only as may be covered by the pass granted to him by his Commanding Officer under Army Regulations, India, Volume II.

If a soldier so absent is found to be in possession of arms and ammunition not covered by such a pass, he will be made over to the Military authorities for trial.

(*b*) Whenever an Indian soldier at the time of his being transferred to the reserve wishes as a reservist to possess arms and ammunition for his personal use, the Magistrate of the district in which he resides will grant him a license, free of license fee, provided that the application therefor has been submitted through, and is recommended by, the Officer Commanding the applicant's late regiment or battery.

(*c*) In the case of an Indian reservist applying for a license at any time after joining the reserve, the Magistrate of the District will grant the license, free of license fee, on the recommendation of the Officer Commanding the Reserve Centre to which the reservist is attached.

(*d*) In all cases licenses will be renewed, free of license fee, on the recommendation of the Officer Commanding the Reserve Centre.

Should a Magistrate not feel justified in issuing a license to a reservist or in renewing a reservist's license, his decision will be communicated to the officer through whom the application was submitted, for such action as the latter may wish to take.

Offences under the Arms Act and Rules committed by reservists will be dealt with in the ordinary manner under the Act by the magistracy.

2. Army Regulations, India, Volume II, will be amended in due course."

No. J. 687-97—POLICE 32-10-2, DATED BANGALORE, 31ST AUGUST 1910.

ORDER THEREON.—Ordered that the above be communicated to the District Magistrates of Districts, the Inspector-General of Police in Mysore, the Registrar, Chief Court of Mysore, and the Chief Commandant, Mysore State Troops, for information in continuation of the marginally noted Government Orders.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Local Boards), dated 24th August 1910.

READ—

Letter No. 362, dated the 21st March 1910, from the President of the District Board of Kadur, stating that the issue of cheques from the District or Municipal Funds for the quota payable towards the construction and repair of the Local Fund Dispensaries as soon as the estimates therefor are sanctioned is prejudical to the interests of the Municipality or District Fund concerned since it often happens that the works are not put in hand after the estimates are sanctioned or if carried out, the actual outlay falls short of the estimated amount, and suggesting that Government Proceedings No. 3891-902—L. B. 112-08-2, dated 28th October 1908, may be suitably modified so as to permit of cheques being issued only for the District Fund or Municipal quota of the actual expenditure incurred after the works are carried out and intimation of the same is given to the President.

2. Letter No. 3374—B. 316, dated the 2nd May 1910, from the Comptroller, Public Works and Railway Branch, reporting in reply to this office enquiry, that under para 38 of the Government Order No. Fl. 1150—1192-18-01, dated 7th February 1903, and Note I under Article 460 of the Civil Account Code, no work of construction or repair of Local Fund Dispensary buildings can be undertaken by the Public Works Department until the necessary funds therefor are transferred to its budget and consequently the issue of cheques by the Presidents of the Boards concerned soon after the estimates are sanctioned is unavoidable and that the differences between the estimates for works and the actual outlay on them are so small that in many cases it is not worth while to take action for their adjustment.

3. Letter No. 5359, dated 13th June 1910, from the Chief Engineer agreeing with the opinion of the Comptroller expressed in his letter read above.

No. 1830-9—L. B. 292-09-5, DATED BANGALORE, 24TH AUGUST 1910.

ORDER THEREON.—Under Note I to Article 460 of the Civil Account Code and para 38 of Government Order No. 6690-702—Med. 28-07-5, dated 13th January 1908, contributions from Local Funds on account of construction and repair of dispensary buildings should be credited to "Provincial Revenue" before the works can be undertaken. These contributions are not treated as deposits in the Public Works Accounts and accounted for separately and there is therefore no facility to watch and adjust the differences between the amounts contributed and the actual outlay. The differences are, however, so small in many cases that the adjustment case by case is not worth the labour involved.

2. The Presidents of the Municipal and District Boards being in close touch with the Public Works Divisional Officers, can urge early execution of the works for which contributions have been paid and where any such work in full or in part is found unnecessary and is consequently abandoned, the Presidents may claim and obtain a refund of the amount contributed or proportion thereof, as the case may be, as the contribution will in such cases be large.

3. In any case, an annual settlement of accounts between the Public Works Department and the Local Boards ought to be feasible and should be arranged for.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Local Boards), dated 26th August 1910.

READ—

Letter No. 243, dated 29th May 1908, from the President of the District Board of Bangalore, submitting the statements of District Fund works in progress during the months of February and March 1908.

Letter No. 114, dated 13th January 1910, from the same officer, submitting revised statements and suggesting that half-yearly returns may be prescribed instead of monthly returns as the preparation of statements in duplicate showing all the works in the hands of contractors, in accordance with Government Order No. 9181-9—L. B. 36-07-11, dated 13th March 1908, entails much labour on the clerical staff.

No. 1900-8—L. B. 23-07-15, DATED BANGALORE, 26TH AUGUST 1910.

ORDER THEREON.—The returns will be recorded and the duplicates thereof forwarded to the Comptroller. It is observed that the number of incomplete works of previous years is very large. Every effort should be made to effect completion at an early date.

2. Government are not prepared to agree to an alteration as proposed, that the statement be made due half-yearly instead of monthly. No doubt there is much clerical labour now spent on the red ink notes as information has been furnished in all the columns of the statement against each work. But much of it is quite unnecessary. Only names of works, dates of contracts and times fixed in the contract need be given. This may further be simplified by adopting shorter designations for works, such as giving a serial number to all budgetted works and denoting them by their numbers only.

Government Order No. 3202-16—L. F. 102-03, dated the 25th February 1904, prescribing a specimen form for the annual Administration Reports of the Municipalities and issuing instructions for the preparation and punctual submission of the reports on the due dates.

2. Government Order No. 1114-26--Ml. 433-08-3, dated the 29th July 1909, prescribing revised heads of account for recording the income and expenditure of the Municipalities from the beginning of the year 1909-10.

No. 1104-20—Ml. 83-10-2, dated Bangalore, 2nd August 1910.

ORDER THEREON.—In supersession of the Order of the 25th February 1904 read above, Government direct that the Municipal annual reports for 1909-10 and future years be prepared in a concise form following, as far as possible, the specimen hereto annexed, with the Appendices I to XXI embodying complete information under the several heads. The chief points to be dealt with are noted against the heads concerned in the specimen form of the report and all necessary information should be included in the report, *wherein references to the appendices should be avoided as far as possible.* Explanations for all large variations, new sanctions, etc., should be included in the reports, which should *be complete, concise and telling.* Care should also be taken to see that the information contained in the appendices is not merely repeated in the reports.

2. Municipal Councils other than those of Bangalore, Mysore and Sringeri shall, soon after the close of the year, cause statements in Forms A to E appended hereto, to be prepared and submitted to the Deputy Commissioners concerned on or before the 31st August every year. The Senior Surgeon and the Sanitary Commissioner will also arrange for the transmission of statements in the form of Appendices Nos. XIII, XIV and XV regarding Local Fund Dispensaries, midwives and vaccination so as to reach the Deputy Commissioners of Districts and the Presidents of the Sringeri, the Bangalore City and the Mysore City Municipalities on or before the 31st August every year. Likewise the Inspector-General of Education will also forward statements of schools in the form of Appendix XVII so as to reach the Deputy Commissioners and the Presidents concerned on or before the 31st August every year.

3. From the statements thus received and the information available in the Municipal and the Deputy Commissioners' offices, annual reports shall be prepared, one for each of the Sringeri, the Bangalore City and the Mysore City Municipalities by the Presidents concerned and one by each of the Deputy Commissioners in the case of the other Municipalities. The *reports with appendices* containing complete information *shall be submitted in duplicate* so as to reach the General and Revenue Secretariat on or before the 30th September, or three months from the expiration of the year to which they relate.

4. The Comptroller is requested to submit as early as possible after the close of each year a statement of loans and a statement of works executed by the Public Works Department out of Municipal Funds in the form of Appendices XX and XXI. He is requested also to submit soon after the accounts of the year are closed a consolidated statement of income and expenditure of each Municipality under the heads of account prescribed in Government Order of the 29th July 1909 read above, on the model of the statement appended to Government Order No. 8692-708—Ml. 69-09-24, dated the 1st April 1910. The statements of public works submitted by the Presidents will, soon after the receipt of the reports, be forwarded to the Comptroller, who will be good enough to have them verified and returned with the least possible delay.

5. In the *accounts, statements and reports furnished, round figures in rupees only shall be entered, except when the entry of annas and pies is absolutely necessary.* To facilitate printing, the reports, appendices, statements and accounts shall

be written on only one side of the paper. The Deputy Commissioners and Presidents are requested to see that the pages and paragraphs of the reports are duly numbered and that a list of contents giving reference to the pages and paragraphs accompanies every copy of the report.

Letter No. 47, dated the 18th July 1910, from the Deputy Commissioner, Mysore District, soliciting instructions as to whether he is competent in his capacity as Deputy Commissioner of the district, to entertain appeal petitions against the orders passed by the Municipal Councils constituted under the Mysore Municipal Regulation, VII of 1906, and by their Presidents in their executive capacity, and revise those orders.

No. 1205-14—ML. 65-10-2, DATED BANGALORE, 3RD AUGUST 1910.

ORDER THEREON.—The Deputy Commissioner of a district cannot interfere with the orders of a Municipal Council or of its President, except in the circumstances and to the extent contemplated in Sections 173 *et seq.* of the Municipal Regulation.

Correspondence ending with letter No. 676, dated the 18th March 1910, from the Deputy Commissioner, Mysore District, in the matter of the Seringapatam Municipal Council's proposal to levy toll on traffic passing along the main roads within the Municipal limits.

No. 1660—ML. 175-09-4, DATED BANGALORE, 17TH AUGUST 1910.

ORDER THEREON.—The Seringapatam Municipal Council's attention is invited to Government Order No. 9330-7—Ml. 521-08-4, dated the 16th April 1910, wherein the Malvalli Municipal Council's proposal to levy a similar toll in that Municipality was negatived. For reasons similar to those urged in the Malvalli case, the proposal to levy a toll in Seringapatam cannot be sanctioned unless arrangements can be made to see that through traffic on the road is not taxed and that only carts which enter Seringapatam for trade or other business within the Municipal limits are taxed. The toll will then be an indirect tax on articles consumed in the town and its final incidence will be on the residents of the town. There can be no objection to the people taxing themselves in this manner.

2. But if through traffic has to pay toll, the tax will fall on the residents of places other than Seringapatam, and there is no reason why the people of Seringapatam should benefit at the expense of other people. And if the example of Seringapatam is followed by every Municipality on the road, the traffic will be enormously taxed and the situation will become quite unbearable. For these reasons, Government regret that the Seringapatam Municipal Council's proposal cannot be entertained.

Letter No. 205, dated 10th March 1910, from the President, New Extension Committee, Bangalore City, submitting with reference to Government Order No. 10303-8—Ml. 107-07-13, dated 15th April 1908, a report of the work done by the Committee since 23rd June 1908.

No. 1749-52—Ml. 244-09-2, DATED BANGALORE, 22ND AUGUST 1910.

ORDER THEREON.—The total extent of land occupied by the Extension is about 113 acres and 18 guntas and this area has been allotted and distributed as noted below. The area set apart for building sites, roads and drains is 54 acres and 37 guntas :—

	Acres.	Guntas.
1. Sites, roads and drains	54	37
2. Sringeri Matt	26	18
3. Granted for erecting a hostel to the students of the Mahratta community.	2	33
4. Granted to the Theosopical Society	2	12
5. Reserved for public purposes	2	34
6. Do for a Jain hostel	4	4
7. Given to Mr. Chandrasekhara Aiyar, for squaring off his compound	2	9
8. Tank-bed reserved for a park	17	38
Total ...	113	18

2. The chief business entrusted to the Committee was to fix the price of sites and allot them among the several applicants. Out of the area made available for building purposes, 167 sites were marked off as noted in the margin. All these have been sold at varying prices; and the total value of the sites sold amounts to Rs. 44,298. Out of this amount a sum of Rs. 27,150 is reported to have been already recovered, leaving a balance of Rs. 17,148 remaining to be recovered by monthly instalments. Besides the land set apart for building sites and sold for Rs. 44,298, an extent of land measuring 15 acres and 33 guntas was sold to the Sringeri Matt for a sum of Rs. 7,048 odd, and further a sum of Rs. 421 was derived from the sale of trees. Thus the total income derived from the sale of the lands and trees in the Extension amounts to Rs. 51,767, while the compensation awarded in all is Rs. 39,037 odd. The progress made in the recovery of the value of sites is fair. The amount due from the Sringeri Matt should be recovered at an early date.

1. Bungalow	6
2. Cottage	63
3. House	94
4. Shop	4
Total ...	167

3. Government are glad to note the rapid progress made in the construction of buildings, 23 of which are reported to have been already completed, 18 to be nearing completion and 34 to be in course of construction. It is hoped that the owners of the remaining sites will be induced to begin construction early.

4. It is understood that the construction of the Mahratta Students' Hostel and of the Jain Students' Hostel, for both of which sites have been allotted, has not yet been started. Early action should be taken to have these buildings constructed.

5. As regards drainage and means of communication, the roads and drains originally designed are reported to have been completed. But the drainage is said to be very defective; so much so, that the rains of the last year are reported to have wrought considerable damage to the roads and drains and also to some of the sites and houses, and to have impeded the rapid construction of houses in the Extension. With a view to improve the drainage and afford additional facilities to the residents of the Extension, the Committee recommend that a revised drainage scheme be undertaken and that the II main road of the Extension be linked with the V main road of Chamrajpet. The Chief Engineer's attention is invited to the Committee's recommendation in regard to these works and also in regard to the supply of water to the Extension and providing it with electric lights.

Local Fund and Sanitary (Municipal), dated 22nd August 1910.

and he is requested to do the needful in the matter. The Committee's recommendation regarding the levelling of the Karanji tank-bed and its conversion into a park may be taken on hand when funds permit.

6. The amount spent on account of the Extension till now is reported to be Rs. 1,06,541; and the cost of the partial drainage and road works proposed in para 5 above is estimated at Rs. 14,000. Thus the total cost of forming the Extension would amount to Rs. 1,20,541, exclusive of the revised drainage scheme. The question of the source from which the cost of the Extension should be met is reserved for separate orders.

7. The Government are glad to record their appreciation of the very practical manner in which the duties entrusted to the Committee have been discharged; and they desire that their thanks be communicated to the President and members of the Committee.

1. Letter No. 103, dated the 11th September 1908, from the Deputy Commissioner, Chitaldrug District, reporting that in four out of the nine Municipalities in the district *viz.*, Chitaldrug, Challakere, Hiriyur and Molakalmuru, tobacco is subjected to octroi duty at the rate of Re. 1 a maund and that a reduction in the existing rate of duty is highly desirable in the interests of the growers of tobacco who are at present put to much hardship by having to pay a uniform rate of rupee one per maund irrespective of the quality of the article and recommending, therefore, that the duty may be reduced to 8 annas a maund irrespective of the quality of tobacco, and levied only when it is brought into the towns and exposed for sale either in shops or weekly markets.

No. 2094-2104—Ml. 151-08-20, DATED BANGALORE, 31ST AUGUST 1910.

ORDER THEREON.—At the preliminary meeting of the members of the Representative Assembly for the Chitaldrug District held in September 1907, Mr. Yele Basappa, one of the members, represented that the levy of the octroi duty on tobacco at Re. 1 a maund in certain Municipalities in the district irrespective of the quality of the article caused much hardship to growers of tobacco, and proposed as a measure of relief, the classification of the article into three kinds for the purpose of levying duty at different rates as shown in the margin and also the discontinuance of the existing practice of recovering duty from growers of tobacco when the produce of their fields was brought into the town in a crude state for curing purposes. The Deputy Commissioner, Chitaldrug District, recommended in consultation with the Municipal Boards in the district that the duty on tobacco might be reduced to 8 annas a maund irrespective of the quality of the article and that it might be levied only when the article was brought into the town and exposed for sale either in shops or weekly markets. Thereupon the views of the Municipal Boards in the other districts were called for in the matter.

1st sort (Hasanu)	... 1	0	0	a maund
2nd. sort (Koradu)	... 0	8	0	,,
3rd sort (Taraga)	... 0	4	0	,,

2. From the replies received it is seen that in the majority of the Municipalities, excepting the two City Municipalities, the rate of duty on tobacco is Re. 1 a maund. The rates of duty vary between Rs. 3-8-0 a maund, the highest in the Mysore City, and 4 annas a maund, the lowest in Sagar, Sringeri and Chiknayakanhalli. As the conditions and circumstances of the several Municipalities vary, it is inexpedient to aim at uniformity in respect of the octroi tax on tobacco. So far as the Chitaldrug District is concerned, Government have no objection to the duty being reduced to 8 annas a maund in the Municipalities of Challakere, Hiriyur and Molakalmuru, if the Municipal Boards of these towns are still in favor of such a reduction. The financial condition of the Chitaldrug Town Municipal Council is not good and it is therefore undesirable to sanction any reduction of the duty on tobacco in that town.

Local Fund and Sanitary (Municipal), dated 31st August 1910.

3. As regards the proposal that the duty should be levied only when tobacco is brought into the town and exposed for sale either in shops or weekly fairs, Government are of opinion that the existing practice regarding the mode of taxation requires no modification and may continue.

4. Separate orders will issue regarding the proposal to enhance the octroi duty on tobacco in the Sagar Municipality.

5. The Deputy Commissioner of the Mysore District is informed that, as regards the levy of octroi on tobacco in the French Rocks Municipality, orders will issue on the proposal submitted in his letter No. 31, dated the 13th July 1910.

Report on the working of the Special Hospitals in Mysore for the calendar year 1909, received with letter No. G. 550, dated the 19th May 1910, from the Senior Surgeon with the Government of Mysore.

No. 1516-8—MED. 212-09-4, DATED BANGALORE, 13TH AUGUST 1910.

ORDER THEREON.—Recorded.

2. Government are glad to note that the percentage of cures to daily average strength in the State Lunatic Asylum compares favorably with the percentage in some similar institutions in British India.

3. The Senior Surgeon is requested to embody in his future report on the working of the Lunatic Asylum the information furnished by the Magistracy as to the duration of illness of lunatics before their admission into the Asylum, with his general observations, if any, thereon.

4. The separate representation promised by the Senior Surgeon regarding the necessity for additional accommodation for European females in the Lunatic Asylum and of a day-room for them, will be awaited.

5. As regards providing accommodation for high caste Hindus and Eurasians in the Leper Asylum, the attention of the Sanitary Commissioner is invited to Government Proceedings No. 482-5—Med. 114-08-4, dated the 13th July 1909, sanctioning generally a project amounting to Rs. 15,780 for additions and improvements to the New Leper Asylum buildings. The works will be taken in hand as soon as funds can be made available for the purpose. The Chief Engineer is, however, requested to expedite the preparation and submission of the plans and estimates relating to the project.

6. The question of providing accommodation for labor ward in Her Highness the Maharani's Hospital for women and children in the Mysore City may be made the subject of a separate communication by the Senior Surgeon, as already directed in para 4 of Government Order No. 78-9—Med. 234-08-5, dated the 3rd July 1909.

Proceedings of the Government of His Highness the Maharaja of Mysore,

(1) Letter No. 5750, dated the 28th May 1910, from the Sanitary Commissioner in Mysore:—

"I have the honor to request that in the district of Mysore which has now its whole-time Sanitary Officer, of whose services every advantage should be taken, increased effort be made to impress on the heads of all villages and towns the importance of immediately communicating with the nearest Hospital Assistant, on the very first appearance of epidemic disease, such as the finding of dead rats, the occurrence of a single case of small-pox or of a single case of suspicious diarrhœa, etc. Of course, I know that all such persons have had instructions to this effect already, but have not realised that they are to be obeyed. Also, that, notwithstanding the issue of such instructions, the headmen or responsible officials over and over again, deny that they have ever been so instructed. I would suggest, therefore, that these instructions be printed on cards and hung up in a conspicuous place in the offices of the responsible persons. It will be the duty of the Hospital Assistant to report the occurrence immediately to the Sanitary Office, and himself proceed to the affected village, affording medical aid to those who need it, and giving such advice as may seem necessary, regarding measures for the suppression of the outbreak. On receipt of the report from the Hospital Assistant, the District Medical and Sanitary Officer should himself repair to the spot.

2. It is the constant complaint of the Health Officers that, on visiting a village, they find absolutely no one to afford help. This is most unsatisfactory. At the same time, though it is not to be expected that specially trained helpers will be, for a long time, available, a remedy has to be found, and I suggest, at any rate, in every Union and Municipality, at least three men should be told off for this work, who should receive pay only when their services are actually required. It will be quite easy to get men to volunteer for this work, provided they receive some small sum monthly as a retainer. The names of these volunteers should be constantly kept posted up in the office of the headman for inspection by any responsible official. Where Hospital Assistants are available, they could train these volunteers in such work as disinfection, permanganating wells, etc. Where there are no Hospital Assistants, the Taluk or other Sanitary Inspectors should train them; where neither exists, the District Sanitary Officer should himself train them during his tours.

3. There is another method, *viz.*, to place at the disposal of the District Sanitary Officer a permanent staff of, say, three mestris, and fifteen men, that is, three gangs consisting of one mestri and five men, whom he could despatch to scene of the epidemic, or whom he could actually take with him to such a scene. When the services of these gangs were not wanted for District work (which would be very seldom, in Mysore District, for instance) the men could be employed at head-quarters to assist in the local sanitary operations.

4. Now these are but suggestions, but I consider they are worth considering. If better ones occur to any one who reads these lines, well and good. But the point is this, that, without some such help as I have indicated, the District Sanitary Officer's efforts for good are greatly handicapped or rendered nugatory, and it is therefore urgently incumbent on the authorities to devise a scheme whereby such help will be made immediately available for the purpose of District Sanitation."

(2) Letter No. 239, dated the 14th July 1910, from the same officer forwarding a draft notice defining the duties of the patel in connection with disease prevention.

No. 1389-98—SAN. 199-09-4, DATED BANGALORE, 10TH AUGUST 1910.

ORDER THEREON.—The Sanitary Commissioner's proposal to have a set of instructions printed and issued defining the duties of the patel in connection with disease prevention, is approved. The instructions, as slightly modified and approved, will be as shown in the notice appended to this Order.

2. Government consider that there is no use in printing the instructions on cards to be hung up in a conspicuous place, as the patels have no regular office rooms. The Sanitary Commissioner is therefore requested to have the instructions printed in easy Kannada and the printed slips pasted on the inner side of the cover of the village inspection book.

3. The Presidents of the Municipal and District Boards are requested to favour Government with their opinion in consultation with the respective Boards as to the proposals contained in paras 2 and 3 of the Sanitary Commissioner's letter dated the 28th May 1910.

It shall be the duty of the patel or headman of the village as soon as he discovers a case of small-pox, cholera, suspicious diarrhœa, the presence of dead rats, the death of a person after a short illness where buboes were present, or death within two or three days from fever even with no buboes, to communicate at once with the nearest Hospital Assistant, and when he arrives, to carry out the Hospital Assistant's instructions as far as he can.

In villages where men can be had on daily wages for sanitary work, the patel shall warn one or two men to be ready for such work at the same time that he sends word to the Hospital Assistant. Meantime, and supposing it is dead rats that have been discovered, the patel should use every effort to induce the villagers to prepare for camping out.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Reports), dated 22nd August 1910.

READ—

Letter No. 37—S., dated the 1st August 1910, from the Deputy Commissioner, ... District, soliciting instructions as to whether the name of Mr. . . . . a Dasara Representative Assembly member of the . . . . Taluk, should continue to be included in the list of such members as he has recently been convicted in a criminal case.

No. G. 1092-9—G. R. 6-10-4, DATED BANGALORE, 22ND AUGUST 1910.

ORDER THEREON.—The facts brought to notice are as follows:—

2. Mr. . . . . is a member of the Representative Assembly, having been returned for the . . . . . Taluk for a period of three years from 1909. On a complaint preferred by one . . . . . in the Court of the Treasury Assistant Commissioner and 1st Class Magistrate of, Mr. . . . . was, in May last, tried and convicted, under Sections 166 and 114, Indian Penal Code, of the offence of "abetting a public servant disobeying a direction of the law, with intent to cause injury to any person" and was sentenced to a fine of Rs. 75. Against this conviction and sentence an appeal was preferred to the Sessions Judge, ... Division, who however, confirmed the Magistrate's order and dismissed the appeal.

3. The facts of the case which ultimately led up to the commission of the offence were that Mr. . . . . having obtained a warrant from the Munsiff's Court for the attachment of certain movable property of . . . . ., his tenant holding lands under him, for failure to pay two years' grain rent, abetted the Court Amin in attaching the cattle of the raiyat though the warrant of the Court specifically set forth the items of property to be attached and there was no mention of "Cattle" among them. The object with which this illegal act was committed by Mr. . . . may be gathered from the remarks of the Sessions Judge, who observes that he was satisfied that "the proceedings were conducted in dishonest, deliberate defiance of the Munsiff's order by a daring, unscrupulous and wealthy sowkar who wished to inspire terror among the raiyats in his neighbourhood, resented the Munsiff's order excluding cattle from attachment, and procured the subservience of clerk . . . . and Amin . . . . . by corruption." The Judge further remarks that "having regard to the high-handed and outrageous manner in which the process of a Civil Court has been dishonestly abused in defiance of the unmistakable orders of the Court, the Magistrate would have done well to have awarded a short term of simple imprisonment to each of the appellants."

4. The facts being as detailed above, the question for consideration is whether a member of the Representative Assembly who has been convicted under such circumstances can retain his seat in the Assembly. In accordance with para 8 of the rules regarding the constitution and conduct of business of the Assembly published with Notification No. G. 1803—G. R. 4-07-4, dated the 6th September 1907, "no person who has been convicted of any such offence or subjected by a Criminal Court to any such order as implies, in the opinion of Government, a defect of character which unfits him to be a member of the Representative Assembly" is eligible to be returned as a member of the Assembly. It is observed that this rule while specifying the disqualifications rendering persons ineligible for being returned as members of the Assembly does not explicitly indicate the effect of a disability acquired by a member subsequent to his election. There is, however, no doubt that, in accordance with accepted principles and the interests of the purity of the Assembly and the maintenance of its fair name, such subsequent disability should operate against the continuance of membership. The offence of which Mr. . . . . has been found guilty implies, in the opinion of Government, a defect of character which unfits him for membership in the Assembly, and the Government therefore direct that his name be removed from the list of members of the said Assembly.

General and Revenue Secretary's letter No. G. 5470—G. P. 14-09-5, dated 15th April 1910, inviting the opinion of the Superintendent, Government Press, on the suggestions about stock-taking contained in paragraphs 93 and 94 of the report of Mr. T. Fisher on the working of the Government Press.

2. Letter No. 874, dated 20th April 1910, from the Superintendent, Government Press, stating in reply to the above that stock-taking may be undertaken at the end of the year 1910 after the first instalment of the Census work has been issued.

No. G. 1323-5—G. P. 14-09-7, DATED BANGALORE, 27TH AUGUST 1910.

ORDER THEREON.—Government consider that the suggestions of Mr. Fisher, *viz.*, that the stock of plant should be taken once every five years and that of stores annually by the auditor, should be fully carried out in future. As the annual inventory of articles in stock at the Government Press works out only a book-balance, a periodical stock-taking is necessary to see that the actual balance in hand agrees with the book-balance as worked out in the inventory. The Chief Engineer will therefore be requested to specially depute an Executive Engineer for a few days at the proper time (this time at the end of the year 1910 as stated in the Press Superintendent's letter read above) for the quinquennial stock-taking, which should be thorough both as regards plant and stores. Government also direct that, during the yearly audit, the auditor should select certain articles of stores for stock-taking, and embody the result of his examination in his report.

2. In both the above cases, the result will be reported to Government in a statement in the following form :—

(1) Balance on 1st July 19 as per last inventory.
(2) Receipts from 1st July 19 to the date of stock-taking.
(3) Issues from 1st July 19 to the date of stock-taking.
(4) Book-balance on the date of stock-taking.
(5) Balance actually counted or measured.
(6) Difference to be explained.
(7) Explanation of the Superintendent.
(8) Recommendation of the Comptroller as regards adjustment of difference by recovery, writing off, etc.
(9) Orders of Government.

3. Each audit report should hereafter contain information as to how far the orders of Government on stock-taking reports passed during the period of audit have been given effect to.

No. G. 1204-50—G. M. 77-10-7, DATED BANGALORE, 25TH AUGUST 1910.

With reference to the instructions issued with this office Circular No. 5-88 of 92, dated the 23rd July 1904, and Government Proceedings No. G. 4199-238—G. M. 63-05-62, dated the 8th March 1906, regarding the submission of monthly returns of deaths of European officers and pensioners in the State, Deputy Commissioners of Districts are informed that, under instructions since received, deaths of members of the Civil Service of India are to be included in the said monthly returns; and it is therefore requested that for the statement hitherto used the form appended may be substituted.

2. As the submission of the return in question does not affect the obligations devolving upon the Deputy Commissioner, within whose district the deceased may have been serving, to communicate with his relatives or friends if none such be present on the spot, it is requested that such action may in addition be taken in each instance. In cases where no addresses of relatives are known an *ad interim* report should at once be submitted to Government for intimation to the Hon'ble the Resident in Mysore, the action taken being recorded in the next monthly return.

3. The Superintendent of the Government Press is requested to furnish at an early date, Deputy Commissioners of Districts with 100 copies of the form each and to have a sufficient number of copies printed and kept in stock for supply on requisition from Deputy Commissioners.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
Dated Bangalore, 30th August 1910.

OFFICIAL MEMORANDUM.

Heads of Departments and Deputy Commissioners of Districts are requested to issue instructions to the ministerial officers of their offices to see that paragraphs of all letters and other communications addressed to Government are invariably numbered and that a sufficient margin is left in such communications so as to admit of their being properly filed.

No. 469-76—Muz. 99-10-1, dated Bangalore, 17th August 1910.

Order.—The attention of the Deputy Commissioners of Districts is invited to Government Order No. 4359-67—Muz. 19-96, dated the 25th May 1905, calling for a statement before the 1st February of each year, showing the institutions and amounts required for their repairs from the State grant. As, owing to the non-receipt of these statements, much inconvenience is caused, Government direct that the orders contained in the Proceedings above cited be strictly followed in future. The statemetns for 1911-12 should be submitted in time, *i.e.*, within the 1st of February 1911.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

I. The following letter No. 611, dated 20th April 1910, from the Deputy Commissioner, Tumkur District, soliciting instructions in the matter of closing the Savings Banks Accounts of temples and other Muzrai institutions and also in the matter of sanctioning the annual charges for car festivals and similar purposes :—

"I have the honor to state that difficulty is felt in sanctioning the expenditure to be incurred in annual Rathotsavam and other Sevas of Muzrai institutions out of amounts in the Savings Bank at their credit, as there seem to be no definite orders defining the procedure to be adopted in such cases. The general rules of 1877, published on page 47 of the Muzrai Memorandum, authorised the Deputy Commissioners to incur unusual items of expenditure—unusual probably meaning occasional, and not recurring monthly, up to a limit of Rs. 200. This office is not aware of any modification of this old order, though the Government Order No. 1061-70, dated 16th February 1898, limits the Deputy Commissioner's power of sanction regarding all Muzrai Public Works Estimates to Rs. 50 in cases where the expenditure is to be met out of the savings at the credit of the institutions. The Government Order No. 2165-74, dated 28th January 1904, passed with the object of preventing Amildars spending large amounts "without the previous sanction of the Government or the Deputy Commissioner" by keeping the money in their (Amildars) custody, directs that all collections should first be remitted to the Treasury with a view to their being credited to the funds of the institution, and that expenses should be incurred on separate bills previously sanctioned by the Deputy Commissioner or Government. This order does not refer to any limit to which the Deputy Commissioner's power of sanction is subject, and as explained by the Comptroller in his circular docket No. 6436-93—Muz. 283 of 18th May 1906", is not applicable in the case of those institutions which are managed by private individuals, though supervised by Government agency, nor to those maintained from *Pudavat* Funds." If the recurring annual charges for Rathotsavam and other Sevas are not to be incurred as per *mamul scale* (though the scale may not have been formally sanctioned by Government) on the Deputy Commissioner's sanction, out of the Savings Bank amounts deposited long ago on behalf of institutions, scales of expenditure for each institution—major and minor—will have to be fixed under Government sanction, and until this is done in the course of a series of correspondence between the taluk, sub-division and this offices, no expenditure could be incurred and periodical Sevas will have to come to a standstill; in order to prevent a break in the continuity of the Sevas, and in the absence of clear orders to the contrary, the practice in this office has been to sanction annual *recurring* charges to be incurred out of the Savings Bank Accounts on the *mamul* scale. I beg to be informed early whether the present practice could continue.

In this connection, I would also invite reference to Government Order No. 1273-81—M. F. 47-09-4, dated 18th November 1909, directing the discontinuance of the practice of depositing, in the Savings Bank, the surplus funds of the Muzrai institutions. This order, it will be seen, emanated to prevent Amildars from operating upon the Savings Banks on their own authority and would seem to have been intended merely to prevent further increase of deposits but not to have the already existing deposits made long back, withdrawn and credited to Muzrai Funds. But the Comptroller in his docket No. 5326—Muz. No. 271, dated 11th instant, seems to interpret this order as directing, generally, the closing of the existing Savings Bank accounts for sums other than Pudavat, though the accounts might have been in existence long before the Government Order of 18th November 1909, *supra*. I beg to be favored with instructions as to whether all the existing long-standing Savings Bank Accounts other than Pudavat should also be closed.

II. Further correspondence ending with the Deputy Commissioner's letter No. 18, dated 15th July 1910, forwarding copies of the Comptroller's dockets to him.

No. 477-84—MUZ. 612-09-4, DATED BANGALORE, 17TH AUGUST 1910.

ORDER THEREON.—The Deputy Commissioner is in error in thinking that the Government Order No. 1273-81—M. F. 47-09-4, dated 18th November 1909, prohibiting the deposit of temple funds in Savings Banks is a new rule and should not have retrospective effect. That Order, however, only calls attention to the rule already prescribed in Government Proceedings No. 5112-20—132, dated 6th December 1887. The Comptroller is therefore right in requiring that no monies of Muzrai institutions, except Pudavat funds, should continue to be deposited in Savings Banks. There can be no objection to their investment in Government of India or other securities approved by Government.

Muzrai, dated 17th August 1910.

2. The monies being credited to Muzrai Funds, it follows that they cannot be drawn for any purpose without the sanction of Government. It is, therefore, necessary that a scale of expenditure should be fixed for each such institution, with the sanction of Government. Till this is done, Deputy Commissioners may sanction the incurring of urgent expenditure and then submit, for the sanction of Government, bills for the actual amounts spent.

ORDER THEREON.—As the undertaking of a large distribution of rations, etc., in chattrams would entail too heavy a burden on the State resources, Government cannot enlarge the scope of these institutions beyond the limits recognised by long-standing usage.

Representation made at the Dasara Representative Assembly of 1909 (Subject No. 253) by Mr. T. Venkatappa to the effect that when any investment of funds is made by a person for charitable purposes and the amount is invested in the Government Savings Bank or other securities and a scale of expenditure is fixed for the administration of the proceeds of the investments, it sometimes becomes necessary to exceed in the case of certain items of expenditure the amount fixed in the scale or to reduce the expenditure on certain items, and praying that the donor may be allowed the liberty of making such alterations, taking care to keep within the sanctioned total expenditure.

No. 508-16—Muz. 724-09-1, dated Bangalore, 24th August 1910.

ORDER THEREON.—The reduction of expenditure on certain items and the increase on other items will be allowed with the approval of the Deputy Commissioner, who, however, before allowing any important variations, should obtain the sanction of Government.

Letter No. 35, dated 19th July 1910, from the Deputy Commissioner, Shimoga District, submitting for sanction a scale of expenditure for the temple of Sri Gopala Krishnadevaru at Agumbi in the Tirthahalli Taluk.

No. 523-4—Muz. 31-10-2, dated Bangalore, 17th August 1910.

Order thereon.—The temple of Sri Gopala Krishnadevaru at Agumbi in the Tirthahalli Taluk is a Muzrai institution endowed with inam lands measuring 273 acres and 36 guntas in the villages of Thallur, Balehalli, Bidragodu and Hosur in the same taluk, bearing an assessment of Rs. 1,319-4-0 with Rs. 393-5-0 as jodi. These lands yield 403 candies of paddy valued at Rs. 605-4-0 and Rs. 1,318-1-3 in cash to the temple, which from other miscellaneous sources is said to have a further income of about Rs. 10-11-0.

2. The Deputy Commissioner reports that services in the temple are not conducted regularly and that suitable men have not been appointed to maintain the accounts of the temple; and adds that in order to regulate and determine the expenditure to be incurred a scale of expenditure should be fixed. He has accordingly submitted for the sanction of Government a scale providing for the annual expenditure of Rs. 1,734-0-3 and a saving of Rs. 200. The scale of expenditure submitted by the Deputy Commissioner and appended to this Order is sanctioned. The money required for Nityakatle and Hetchukatle expenditure according to the sanctioned scale will be drawn on monthly bills by the Amildar and disbursed.

3. The Comptroller to the Government of His Highness the Maharaja of Mysore is requested to register this as a major institution.

4. *Number of persons to be provided for.*—According to Section 20 of the Famine Code, provision has to be made for the relief of 706,426 persons for six months, *i.e.*, for 127,156,680 units.

5. *Adequacy of the programmes.*—It will be seen from the figures shown in the following statement that, taking sanctioned programmes alone, provision has been made for 74 per cent of the total number of units of famine labour required to be provided for under the Code. The percentage is lowest in the Kolar District, being 26·6. The Deputy Commissioner says that, in spite of every endeavour made during the year, he was not able to add any works to the sanctioned programme, owing to the inefficiency of Tank Inspectors and Overseers to prepare correct projects of any significance, and states that it is absolutely necessary that the preparation of projects should be entrusted to an intelligent and experienced Assistant Engineer.

Public Works, dated 3rd August 1910.

Taking the sanctioned and the emergency programmes together, ample provision exists in all the Districts.

6. The number of A class works in the Village Relief programmes of the Kolar, Tumkur, Shimoga and Chitaldrug Districts is 4, 5, 33 and 29 against a total of 1,648, 1,357, 431 and 294 works respectively. It is hoped that the Deputy Commissioners of these Districts will try to submit, for approval in the Public Works Department, plans for as many works as possible and bring them under the sanctioned programme before the next year.

7. *Defects in the programmes.*—The following are some of the defects noticed :—

(*a*) Public Works.

(1) Four small works, *viz.*, No. 2 (Goribidnur Taluk), No. 2 (Chamrajnagar Taluk), No. 1 (Seringapatam Taluk) and No. 5 (Nagamangala Taluk), are wrongly shown under Part I (Large Works) instead of under Part II (Small Works).

(2) No. 1 (Restoring Hadnada tank) Nagamangala (Large works) is classed as II*b* wrongly instead of as II*a*.

(3) No. 1 (Krishnarajpete) is classed as III*a* wrongly ; No. 1 (Dodkadnur Hobli, Hole-Narsipur Taluk) is classed as IV*a*, but wrongly shown under "Sanctioned programme;" No. 1 (Channarayapatna Hobli, Channarayapatna Taluk) is classed as II*a*, but wrongly shown under "Emergency programme;" Nos. 54 and 72 in the Kadur District programme have not been classified.

(4) From the way in which the Hassan District programme is prepared it cannot be made out how many of the tank works are new ones and how many of them relate to repair of old tanks.

(*b*) Village Works.

(1) A pencil entry as "Earthwork to Kyasamballi-B-500" has been inserted between Nos. 486 and 487 in the Bowringpet Taluk and this amount is included in the taluk total but no number has been given to the project.

(2) Certain works in the Chiknaykanhalli Taluk are not classified.

(3) The estimated cost of Nos. 1087 and 1224 is given as Rs 9,200 and Rs. 3,000 instead of Rs. 920 and Rs. 300 respectively.

(4) The remark, *viz.*, "Omitted as they were sanctioned last year" made against works, *viz.*, "Repairing Vaddarahalli Tanks" and "Repairing the tank at Dabbahalli" in the Malvalli Taluk, is not quite appropriate, especially as the latter is classed as B. Numbers ought to have been given to these works unless they were completed last year, in which case they ought not to have been included in the programme.

(5) The description of certain works in the Chamrajnagar Taluk is rather vague, for instance, "Repair of Katte" and "Construction of a new Katte." It is not known whether such works are to be classed as tanks or gokattes.

(6) The programme of the Kadur District is not written up in Parts I, II, and III. Hence it is difficult to say whether "Private aided" or "Private unaided" works are included or not in the programme.

8. *Number of persons available for famine duty.*—The following statement shows the number of persons available for famine duty in each District as shown in the lists appended to the programmes for the two years 1910 and 1909. No such list was received with the Village Works programme of the Bangalore District.

District	1910	1909
	Rs.	Rs.
Bangalore	88	494
Kolar	364	366
Tumkur	628	1,370
Mysore	983	64
Hassan	235	248
Shimoga	783	628
Kadur	33	47
Chitaldrug	192	213
Total ...	3,306	3,430

In this connection I may invite the attention of Deputy Commissioners to remarks made last year on the importance of Deputy Commissioners explaining to the members of the Local Fund Boards and Unions, the scope and object of Famine programmes, the advisability of landholders settling schemes for improvements of lands, etc. (private and public), to be carried out with their own funds or loans from Government which would not only provide labour for the villagers near their homes at times of distress, but will also promote the benefit of the village and last but not least, the necessity for capable men among them volunteering for famine duty.

The Deputy Commissioners were also requested to have the Taluk programme placed before the several Boards and Unions for information and remarks and suggestion as regards fresh works and to apprise them of the sort of co-operation expected from non-official persons and village officials and duties to be performed by such persons. None of the Deputy Commissioners have reported how far effect was given to the above suggestions.

9. Last year's distress offered a very good opportunity of testing the practical value of these annual Famine Programmes, as to what extent the last year's programme was useful in combating the distress, how many of the large and small works noted in the programme were actually chosen, and how far the number of men available for famine duty were actually utilized. It is regretted that in this year's programmes no reference is made to the above aspects of the subject. In future it is hoped the same omission will not occur.

10. Forms Nos. III, IV and IVA (Abstract of Village Works) are herewith submitted.

Public Works, dated 3rd August 1910.

No. 832-45—6828-41, DATED BANGALORE, 3RD AUGUST 1910.

ORDER THEREON.—The following points in the Revenue Commissioner's review call for notice.

Para 1.—The Famine Relief programmes were due to the Superintending Engineers from the Executive Engineers and the Deputy Commissioners on the 15th of January. The appointment of Superintending Engineers having been abolished on 31st October 1909, the programmes should have been submitted to the Revenue Commissioner by that date. But those of the Bangalore, Kolar and Chitaldrug Districts (both Public Works and Village Works programmes) did not reach the Revenue Commissioner even on the 1st March, the date on which they were due in his office from the Superintending Engineers. The officers concerned should realize the importance of their punctual submission in future.

2. *Para 5.*—It is again brought to notice that the provision under the sanctioned programme in the Kolar District is deficient. If, however, estimates for the 28 works entered as good and useful ones, in the emergency programme, be submitted without further delay and brought under sanction, the deficiency can be made up. The Superintending Engineer, Northern Circle, will give his special attention to this matter and submit a report of the action taken before the next programme is submitted.

3. The demand of the Deputy Commissioner, Kolar District, for the services of an Assistant Engineer for the preparation of famine relief projects is not supported by the provisions of the Famine Code, Section 27 of which authorizes the deputation of Publics Works Subordinates only in cases where professional assistance is required for the preparation of surveys and estimates.

Whenever such assistance is actually required, the Deputy Commissioner may apply to the Superintending Engineer, Northern Circle.

4. *Para 6.*—Attention is invited to the Revenue Commissioner's remarks regarding the deficiency in the number of A class works in the Village Relief programmes of the Kolar, Tumkur, Shimoga and Chitaldrug Districts, and the Deputy Commissioners concerned are requested to take prompt action in the matter.

5. *Para 7.*—Defects in the programmes noticed by the Revenue Commissioner in this paragraph should be remedied by the officers concerned and programmes submitted in future complete in every respect.

6. The attention of all the Deputy Commissioners should be again drawn to the orders conveyed in para 7 of Government Order No. 553-65—5151-63, dated the 3rd July 1909, and to remarks of the Revenue Commissioner on the importance of their explaining to the members of the Local Fund Boards and the Unions the scope and object of the Famine programmes.

They should report to the Revenue Commissioner before the submission of the programme for 1911 how far effect has been given to his suggestions in this matter.

7. The remarks made in para 9 of the Revenue Commissioner's review are commended to the attention of the officers concerned.

The distress of 1908-09 afforded to some extent an opportunity for testing the practical value of relief programmes and Government would have welcomed reports or suggestions dealing with that aspect of the question.

9. With reference to Section 32 of the Famine Code, the following famine tools are reserved to meet emergent requirements :—

	Number
Axes, felling	585
Axes, pick	18,447
Billhooks	2,883
Buckets, galvanized	699
Crowbars	4,969
Hammers, sledge	202

PART II.

REVENUE

SECTION 1—LAND REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 547—L R 154-09-12 ...	1	Rev. Commissioner ...	Recording his letter stating that out of the twenty-four darkhasts for land for cardamom cultivation that were ready for disposal during the quarter ending 30th September 1909, in the Hassan District, no darkhast was granted and that the area of 5 acres, mentioned as having been disposed of, related to the only darkhast that was rejected.
2	R 556—L R 296-09-4 ...	1	Bhima Rao Pole, Chikka Malalvadi village, Kankanhalli Tk.	Rejecting his application for review of the Government Order No. 1154-5—L. R. 484-08, dated 5th August 1909, dismissing his appeal against the order of the Deputy Commissioner, Bangalore District, directing the recovery from the petitioner of a sum of Rs. 851-12-0, towards the arrears of assessment due on Survey Nos. 80 to 83 of Kadu Jakkasandra village.
3	R 561—L R 337-09-4 ...	1	Venkatasubbaiya, school master, Kolar	Informing him that his claim to the shanbhogi office of Pujena Agrahar in the Hoskote Taluk is recognized and that his name will be registered, if he gives up his schoolmaster's place and applies for the shanbhogi office within six months.
4	R 562—L R 337-09-4 ...	1	Subbanna, respondent...	Forwarding a copy of the above.
5	R 565—L R 46-10-2 ...	1	Rev. Commissioner ...	Approving of his action in directing that Mr. M. S. Ramachandra Rao, Amildar, should not join the Maddagiri Taluk, to which he stands transferred, before submitting his explanation in connection with the misappropriation of public money amounting to Rs. 24-11-10, by Ranga Rao, Revenue Gumasta of the Kadur Taluk, with the observation that the explanation should be obtained without much delay.
6	R 566-7—L R 24-10-10 ...	1	Rev. Comr. and Survey Supt.	Sanctioning the payment from the year 1908-09, (the year of settlement) of the remuneration finally settled, *i.e.*, Rs. 407-10-0, in favor of the village officers of certain Inam villages of the Hoskote Taluk.
7	R 568-9—L R 50-10-2 ...	1	Do ...	Sanctioning the appropriation of 2 acres of land out of gomal Survey No. 41 of Honnenahalli, Tumkur Taluk, for a new village site.
8	R 572—L R 30-10-16 ...	1	Rev. Commissioner ...	Appointing M. Venkanmachar, Judicial Head Munshi, Bangalore District, to act as Deputy Amildar at Closepet during the deputation of B. Lingaiya, Deputy Amildar, for survey training.
9	R 573—L R 9-10-19 ...	1	Compiler, *Mysore Gazette*	Notifying that Mr. M. Narain Rao, Deputy Commissioner, handed over and Mr. K. Srinivasa Rao, Deputy Commissioner, received charge of the Shimoga District and Treasury in the forenoon of the 2nd July 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
10	R 574—L R 9-10 ...	1	Comptroller ...	Forwarding a copy of the preceding with the request that Mr. M. Narain Rao may be allowed to draw his pay and local allowance as Deputy Commissioner of the 1st Class, on the 1st July.
11	R 590-1—L R 478-09-3 ...	3	Chief Engr., and Rev. Comr.	Recording the Chief Engineer's letter stating that as there was no urgency for the construction of a bridge across the Hemavati near Gorur, the work has not found a place in the revised programme of bridge-building approved in Government Order No. 47-58—300-11, dated 17th January 1908.
12	R 592-3—L R 35-10-2 ...	3	Rev. Comr. and Comptr.	Approving of the Revenue Commissioner's action in granting fifteen days' privilege leave from 20th July or some subsequent date to Mr. Abdul Hakim, Amildar of Holalkere, and placing the Taluk Sheristadar in charge of the taluk.
13	R 598—L R 38-09-4 ...	3	Veerappa and others of Jagalur, Chitaldrug	Informing them that as it has been reported that the majority of gardens under the Jagalur tank have not suffered entirely by the reservation of the tank water for drinking purposes, there is no need for any remission of kandayam for 1908-09.
14	R 601-2—L R 334-09-3 ...	4	Chief Engr., and Rev. Comr.	Recording the Chief Engineer's letter stating that a project for Rs. 3,18,000, for the construction of a new tank near Byramangala across the Vrishabhavati stream has been prepared and will be disposed of, but there is no provision for it in the budget for 1910-11, and requesting the Revenue Commissioner to intimate the member, who mooted the subject, that unless liberal contributions are forthcoming from the raiyats interested, there is little chance of the work being undertaken by Government in the near future.
15	R 603—L R 471-09-2 ...	4	Rev. Commissioner ...	Sanctioning the remission of Rs. 5,547-9-3, being half the wet assessment (including jodi, water-rate and irrigation cess in certain cases) on the lands below the north channel under the Krishnaraj anikat in the Yedatore Taluk, as owing to the breach of which just before the cultivation season during the year 1909-10, the holders of the lands could not raise wet crops.
16	R 604—L R 10-10-4 ...	4	Do ...	Permitting Mr. G. Narayana Rao, Amildar of the Chamrajnagar Taluk, to obtain certain lands by hypothecation in the Indaval village, T.-Narsipur Taluk.
17	R 605-6—L R 469-09-2 ...	4	Rev. Comr. and Comptr.	Recording the Revenue Commissioner's letter forwarding a copy of his docket to the Deputy Commissioner of the Tumkur District, stating that the appointment of the Judicial gumasta in the Maddagiri Taluk may be revived from 1st June 1910, in accordance with Government Order No. R. 5859—L. R. 156-08-4, dated 3rd July 1909.
18	R 607—L R 15-10-6 ...	4	Comptroller ...	Sanctioning a potgi bill for Rs. 37, on behalf of Guru Rao, shanbhog, Hanumapur Circle, Honnali Taluk, for the period from 1st July to 11th December 1904.
19	R 608—L R 52-10-2 ...	4	Rev. Commissioner ...	Sanctioning the acquisition of 2 acres and 33 guntas of land forming Survey No. 181—2 of Bilijagali hamlet attached to Somanahalli village, Malvalli Taluk, for the formation of a new village site.
20	R 609—L R 52-10-3 ...	4	Compiler, *Mysore Gazette*	Notifying the declaration in respect of the above.
21	R 619—L R 15-10-6 ...	5	Comptroller ...	Sanctioning a potgi bill for Rs. 10-3-4, on behalf of Basappa (deceased), son of Rudrappa, for having acted as patel gumasta of Holalur

22	R 620-1—L R 486-09-2 ...	5	Rev. Comr. and Survey Supt.	village, Shimoga Taluk, from 10th August to 9th October 1905. Sanctioning the appropriation of Survey No. 22 (unassessed kharab) measuring 1 acre and 13 guntas of the Balenahalli village, Tarikere Taluk, which has been applied for by the Revd. A. E. Nightingale of Shimoga for building purposes, for the extension of the existing village site, which is fully occupied.
23	R 622—L R 462-09-4 ...	5	Rev. Commissioner ...	Recording his letter reporting that the criminal prosecution instituted against Kshetrapalya, Shanbhog of Siddanakatte village, Chiknayakanhalli Taluk, and his son Rungappa for misappropriation of kandayam amount, has ended in their conviction.
24	R 623—L R 456-09-3 ...	5	Do ...	Accepting his opinion to the effect that it is not necessary as represented in Representative Assembly Subject No. 12 of 1909, to extend the period fixed for payment of the balance of purchase money in sales for revenue arrears or in darkhasts sales from fifteen days to one month.
25	R 624-7—L R 461-09-4 ...	5	Rev. Comr., Sur. Supt., Presdt. of the Municipalities, Kolar Dist., and Chief Engr.	Sanctioning the proposal to reserve the water of the Doddakere tank in the Bowringpet Town for drinking and other domestic purposes and to convert the wet lands thereunder into dry tentatively for three years, with effect from the current year, dry assessment on the lands forming the atchkat being levied from the year 1908-09.
26	R 630—L R 43-09-4 ...	5	H. Rama Rao, son of Plender Ramadasappa, Tumkur	Informing him that he should wait till the re-settlement and get his lands situated below the Kanakuppe-Amanikere, Hebbur Sammath, Tumkur Taluk, reclassified with reference to the then water-supply.
27	R 634 —L R 23-10-3 ...	5	Compiler, *Mysore Gazette*	Notifying the transfer of Mr. A. Raja Rao, Acting Amildar, Shimoga Taluk, to the Kadur Taluk, and the appointment of Mr. E. H. Thompson, Sheristadar, District Court, Shimoga, to act as Amildar and 3rd Class Magistrate of that taluk.
28	R 648-9—L R 418-09-3 ...	6	Rev. Comr., and Dy. Comr., Kadur	Stating that Government agree with the Revenue Commissioner in his opinion that the present practice of paying their potgi annually to Shanbhogs needs no change, as the potgi being, in many cases, small in amount, it will cause needless trouble in keeping accounts, if it is required to be paid in monthly instalments in the Taluk Offices and that as the principal work of a shanbhog is the preparation of the Pahani and jamabandi accounts and the collection of kandayam, it would be inadvisable to do so.
29	R 650—L R 472-09-2 ...	6	Rev. Commissioner ...	Recording his letter reporting on the destruction by fire of village accounts of Vobannanahalli and Mahadevankatte firkas of the Kasaba hobli in the Chitaldrug Taluk, on the 28th March 1910, with the observation that the responsibility of the shanbhogs for the safe custody of the accounts maintained by them should be strictly enforced, so as to prevent a recurrence of such accidents, and that the result of the action taken to replace the lost accounts should be reported.
30	R 754—L R 501-09-2 ...	6	Do ...	Stating that a barbed wire fence may be put up at Government cost for the building in which the Davangere Sub Division Office is located and removed when the building is vacated, instead

				of paying enhanced rent for putting up a compound wall.
31	R 755-6—L R 390-09-6 ...	6	Rev. Comr. and Comptr.	Sanctioning the appointment of J. Mascarenhas, Acting Revenue Head Accountant of the Shimoga District Office, to act as Head Clerk in place of C. B. Shama Rao, granted one month's privilege leave.
32	R 757-65—L R 234-09-9...	6	Rev. Comr., and Dy. Comrs. of Dts.	Recording the Revenue Commissioner's letter submitting the tour statements of the Deputy Commissioners for the quarter ending 31st March 1910, with his review thereon.
33	R 766-L R 390-09-2 ...	8	Rev. Commissioner ...	Stating that C. Venkoba Rao, who has been recently appointed a gumasta in the Hoskote Taluk Office on Rs. 15-1—20, cannot be started on the maximum pay of the appointment, as it is opposed to the provisions of the Mysore Service Regulations.
34	R 767—L R 54-09-4 ...	8	Compiler, *Mysore Gazette*	Notifying that Mr. T. Hanumanta Rao, B.A., B.L., Revenue Probationer attached to the Gubbi Taluk, acted as Amildar of that taluk from 6th July to 7th August 1909.
35	R 769-70—L R 9-09-9 ...	8	Rev. Comr. and Comptr.	According sanction (1) to the continuance of the clerk on Rs. 30, on the establishment of the Inspector of Sorting of Records for one year from 1st July 1910, (2) to the utilization of the services of the two clerks belonging to the sayer establishment of the Shimoga and Kadur Districts for record sorting work, as heretofore, for another year, and (3) to the retention of the two peons of the Record Sorting Establishment till the 6th July 1910.
36	R 771—R M 634-05-6 ...	8	Rev. Commissioner ...	Stating that the Government of Madras have intimated that there is no objection to the exclusion of the lands belonging to the Mysore State from the limits of the British village of Hallihole, Kundapur Taluk, South Canara District, in accordance with the settlement of the boundary effected by Messrs. Doig and Chokkanna and that the question of the dam put up across the Chakrathirtha river within the limits of the Mysore Territory has been referred to the Board of Revenue, Madras.
37	R 778—L R 1-09-96 ...	8	Thimmaiya, Chikjala village, Devanhalli Tk.	Informing him that Government decline to interfere with the Revenue Commissioner's order directing him to seek relief by a regular suit in the matter of his claim to the Pateli office of the Chikjala village.
